American Indian Health Statement

American Indians can continue or begin to use tribal and Indian Health Services (IHS) clinics. We will not require prior approval or impose any conditions for you to get services at these clinics. For elders age 65 years and older this includes Elderly Waiver (EW) services accessed through the tribe. If a doctor or other provider in a tribal or IHS clinic refers you to a provider in our network, we will not require you to see your primary care provider prior to the referral.

Enrolling in this health plan does not guarantee you can see a particular provider on this list. If you want to make sure, call that provider to ask if he or she is still part of this health plan. Also ask if he or she is accepting new patients. This health plan may not cover all your health care costs. Read your Contract or Member Handbook carefully to find out what is covered.

Getting care

You must get all of your health care from HealthPartners network providers. There are some exceptions. Examples of exceptions are: emergency or urgent care, open access services, and other previously authorized services. If you have questions about the providers you should use, please contact Member Services.

Find a clinic by name

Look for your clinic in this directory. Clinics are listed alphabetically by state, county and city. There are different sections for each clinic type.

Find a provider by spoken language

English is spoken at all clinics in our network. Sometimes providers also speak other languages. Look for providers by spoken language at the end of each care network.

HealthPartners can't guarantee the non-English language skills of the providers listed in this directory. Please call the clinics to find out about providers' ability to communicate in non-English languages.

You can also call Member Services for updated information on non-English languages spoken at clinics.

Specialty care

Specialty care describes services you can get from doctors or surgeons whose training focuses primarily in one specific field of medicine, such as neurology, cardiology, or oncology, among others. You do not need a referral to see most of the specialists in this plan. You can get information on how to access specialty care by going to **healthpartners.com/spp** or by calling Member Services.

When you see your personal provider, your care is in-network. If your provider refers you to another provider, your care is still in-network. However, if you go to a provider who is not in your care network, your care is out-of-network. We may not pay for your out-of-network care.

How do I get more information about Home and Community-Based Providers and Home Care Agencies?

The following providers are not listed in this directory but you can ask for a subdirectory or information regarding a specialist by contacting Member Services at 952-967-7998 or
1-866-885-8880 (TTY711).

The HealthPartners network of Home and Community-Based Providers includes HealthPartners contracted providers and providers enrolled with the Department of Human Services. Your Case Manager will help you determine if you are eligible for these services. If you are eligible, your Case Manager will help you access these services. Call Member Services for more information at 1-866-885-8880 (toll-free).

To get a list of Home Care Agencies in your network, call Member services at 1-866-885-8880 (toll-free).

Important Information

Care Coordination

As a member, you get your own Care Coordinator who helps you get the most from your plan. Care Coordinators are licensed professionals who help identify your health goals and give you the support and tools needed to reach these goals. They also help set you up with supportive programs and services in your community. Call 952-883-6983 to connect with yours. You can get more information on care coordination services by calling 952-883-6983.

Clinics

HealthPartners encourages you to choose a primary care provider (PCP)/primary care clinic (PCC) or care system and dental clinic. Your primary care clinic can provide most of the health care services you need, and will help coordinate your care.
Please confirm with Member Services that your clinic is still a provider with our health plan. You can go to any primary care clinic that's listed in this directory or our online provider search at **healthpartners.com/spp**.

Cost sharing

You may be required to pay an amount toward some health care services. This is called cost sharing. Some examples of cost sharing are copays or deductibles for certain services. You are responsible to pay your cost sharing amount directly to your pharmacy or health care provider. You can get a Member Handbook with more information about cost sharing.

Interpreter Services

American Sign Language (ASL) and language interpreter services are available to help you get services. Oral interpretation can be given to you in your language. You may be able to get written information in your language. If you need an interpreter, ask for one when scheduling an appointment or call Member Services.

Long-Term Services and Supports (LTSS)

You may be able to get long-term services and supports (LTSS), such as services provided by the Elderly Waiver (EW) program as a HealthPartners member. LTSS help people who need assistance to do everyday tasks like taking a bath, getting dressed, making food, and taking medicine. LTSS are intended to help you live in the community and are typically provided at your home by home and community-based services providers.

You must have a long-term care consultation (LTCC) done and be found to be eligible to get additional services or support. You can ask to have this assessment in your home, apartment, or facility where you live.

Your care coordinator will meet with you and your family to talk about your care needs if you call to ask for a visit.

Your care coordinator will give you information about community services, help you find services to stay in your home or community, and help you find services to move out of a nursing home or other facility.

If you need transition planning and coordination services to help you move to the community, you may be eligible to get Moving Home Minnesota (MHM) program services. MHM services are separate from Elderly Waiver (EW) services, but you must be eligible for EW.

Talk to your Care Coordinator to get information on available LTSS providers. To find out more about these services, see your Member Handbook. Call Member Services to get more information on how to access these services.

Member Handbook

To get detailed information about covered health care services, see your Member Handbook. It also explains your rights and responsibilities as a member of HealthPartners. Contact Member Services at 952-967-7998 or 1-866-885-8880; TTY 711 to request a printed copy of find it online at **healthpartners.com/spp**.

Member Identification (ID) Cards

You will get a health plan member identification (ID) card. You must show this card whenever you get health care services, including when you get a prescription filled. When you enroll in this plan, you will receive your member ID card in the mail.

Service Accessibility

If you need special access to get services from a provider, you can get information by calling Member Services at 952-967-7998 (TTY 711). This could include, but is not limited to, accessible office, exam room, and equipment.

Prior Authorization

Our approval is needed for some services to be covered. You must get our approval before you get certain services or before we pay for them. You can get a Member Handbook with more information about which services require prior authorization.

Urgent care/after-hours care

You can get updated information about listed providers by calling Member Services. You can also get information on specialists that are not listed in this booklet by calling Member Services.

HealthPartners is ready to help you handle medical problems. For urgent care needs during clinic hours, please call your clinic. For urgent care after your clinic's regular hours, you have several options:

- Call your clinic's after-hours line, if one is available
- Call HealthPartners CareLine℠ service at **612-339-3663 or 1-800-551-0859** to speak to a registered nurse
- Walk in to any of the urgent care centers listed on the following pages

What is the CareLine℠ service?

Call our CareLine service to talk directly with skilled nurses who are specially trained to help you over the phone, 24 hours a day. A CareLine nurse might suggest home care, a visit to your clinic, a trip to an urgent care clinic or a visit to an emergency room. Whatever your health care needs or questions, CareLine nurses will give you guidance based on the condition you describe and, if necessary, direct you to the facility that is most appropriate for your situation. They'll even contact the urgent care center so they're prepared to meet your needs when you arrive.

CareLine℠ Service

612-339-3663 or 1-800-551-0859

952-883-5474 TTY

NOTE: In life-threatening cases, please call 911 or seek emergency medical care immediately.

What urgent care centers are available?

The urgent care centers listed on the following pages are available to HealthPartners members — just walk in. In addition, some clinics offer urgent care on site (see clinic listings). The urgent care centers affiliated with your primary care clinic will most likely be able to get access to your medical records and more easily coordinate any needed follow up care.
