Getting care

You must get all of your health care from HealthPartners network providers. There are some exceptions. Examples of exceptions are: emergency or urgent care, open access services, and other previously authorized services. If you have questions about the providers you should use, please contact Member Services.

Find a clinic by name

Look for your clinic in this directory. Clinics are listed alphabetically by state, county and city. There are different sections for each clinic type.

Find a provider by spoken language

English is spoken at all clinics in our network. Sometimes providers also speak other languages. Look for providers by spoken language at the end of each care network.

HealthPartners can't guarantee the non-English language skills of the providers listed in this directory. Please call the clinics to find out about providers' ability to communicate in non-English languages.

You can also call Member Services for updated information on non-English languages spoken at clinics.

Specialty care

Specialty care describes services you can get from doctors or surgeons whose training focuses primarily in one specific field of medicine, such as neurology, cardiology, or oncology, among others. You do not need a referral to see most of the specialists in this plan. You can get information on how to access specialty care by going to **healthpartners.com/spp** or by calling Member Services.

When you see your personal provider, your care is in-network. If your provider refers you to another provider, your care is still in-network. If you go to a provider who is out-of-network, we may not pay for that care.

Important Information

Care Coordination Services

You may benefit from Care Coordination Services as a member of HealthPartners. A HealthPartners care coordinator will help you receive the best care possible. Care coordinators help you follow your personalized treatment plan and identify and resolve barriers to care. Care coordinators can also link you with community and social supports. You can get information on how to access care coordination services by calling 952-883-6983.

Clinics

You can go to any primary care clinic that's listed in this directory or our online provider search at healthpartners.com/spp. HealthPartners does not require that you choose a primary care provider (PCP)/primary care clinic (PCC) or care system and dental clinic. Please confirm with Member Services that your clinic is still a provider with our health plan.

Cost sharing

You may be required to pay an amount toward some health care services. This is called cost sharing. Some examples of cost sharing are copays or deductibles for certain services. You are responsible to pay your cost sharing amount directly to your pharmacy or health care provider. You can get a Member Handbook with more information about cost sharing.

Interpreter Services

American Sign Language (ASL) and language interpreter services are available to help you get services. Oral interpretation can be given to you in your language. You may be able to get written information in your language. If you need an interpreter, ask for one when scheduling an appointment or call Member Services.

Member Handbook

To get detailed information about covered health care services, see your Member Handbook. It also explains your rights and responsibilities as a member of HealthPartners. Contact Member Services at 952-967-7998 or 1-866-885-8880; TTY 711 to request a printed copy or find it online at **healthpartners.com/spp**.

Member Identification (ID) Cards

You will get a health plan member identification (ID) card. You must show this card whenever you get health care services, including when you get a prescription filled. When you enroll in this plan, you will receive your member ID card in the mail.

Service Accessibility

If you need special access to get services from a provider, you can get information by calling Member Services at 952-967-7998 (TTY 711). This could include, but is not limited to, accessible office, exam room, and equipment.

Prior Authorization

Our approval is needed for some services to be covered. You must get our approval before you get certain services or before we pay for them. You can get a Member Handbook with more information about which services require prior authorization.
