Urgent care/after-hours care

You can get updated information about listed providers by calling Member Services. You can also get information on specialists that are not listed in this booklet by calling Member Services.

HealthPartners is ready to help you handle medical problems. For urgent care needs during clinic hours, please call your clinic. For urgent care after your clinic's regular hours, you have several options:

- Call your clinic's after-hours line, if one is available
- Call HealthPartners CareLine℠ service at **612-339-3663 or 1-800-551-0859** to speak to a registered nurse
- Walk in to any of the urgent care centers listed on the following pages

What is the CareLine℠ service?

Call our CareLine service to talk directly with skilled nurses who are specially trained to help you over the phone, 24 hours a day. A CareLine nurse might suggest home care, a visit to your clinic, a trip to an urgent care clinic or a visit to an emergency room. Whatever your health care needs or questions, CareLine nurses will give you guidance based on the condition you describe and, if necessary, direct you to the facility that is most appropriate for your situation. They'll even contact the urgent care center so they're prepared to meet your needs when you arrive.

CareLine℠ Service

612-339-3663 or 1-800-551-0859

952-883-5474 TTY

BabyLine℠ Service

612-333-BABY (2229) or 1-800-845-9297

NOTE: In life-threatening cases, please call 911 or seek emergency medical care immediately.

Concerns with your pregnancy?

BabyLine service can help when you are pregnant and up to six weeks after delivery. Call BabyLine to speak with specially trained nurses about over-the-counter medications, breast feeding, unfamiliar aches and pains, mood swings and so on.

What urgent care centers are available?

The urgent care centers listed on the following pages are available to HealthPartners members — just walk in. In addition, some clinics offer urgent care on site (see clinic listings). The urgent care centers affiliated with your primary care clinic will most likely be able to get access to your medical records and more easily coordinate any needed follow up care.
