

You're covered coast-to-coast

HealthPartners
Open Access Plan

You want flexibility and choices from your health plan. The Open Access plan gives you the care and service you need, at your convenience. With more than 650,000 network providers throughout the United States, you have access to one of the country's largest networks.

Plus, HealthPartners provides you with the tools, information and support you need. To make sure your provider is in the network or to learn more about everything available to you as a HealthPartners member, please visit healthpartners.com.

Large Open Access network

No matter where you live, work or travel, you're covered with high quality providers.

With the Open Access network you have:

- Access to more than 650,000 providers and 6,500 hospitals nationwide
- No roadblocks — you don't need to select a primary care provider and you don't need a referral to see a specialist in the network
