

The care you need, when you need it

HealthPartners
Classic Plan

You want a health plan that will help you be as healthy as you can be with affordable care and coverage. HealthPartners wants to make it easy for you to understand healthcare and to provide you with the programs and services you need.

With the Classic plan, you select a primary care clinic for your medical care, including routine office visits and preventive care. A relationship with a primary care provider, who knows you and your health, is vital to good healthcare. Each family member can choose a different clinic — and switch at any time!

The Classic plan gives you access to a select network of providers. And, you don't need a referral to see a network specialist. No roadblocks, no hassle.

Affordable care you can count on

If you're looking for healthcare that puts you first, welcome to HealthPartners. We're here for you — with the Classic plan you get the flexibility and service you need:

- A regional network that gives you access to more than 33,000 providers.
- No referrals! You don't need a referral to see a specialist in the network.
- Change clinics at any time! Simply call Member Services or log on as a member at healthpartners.com.
