

# Coverage you control

HealthPartners  
Select Choice and  
Open Access Plans

You want a health plan that will help you be as healthy as you can be with affordable care and coverage. HealthPartners wants to make it easy for you to understand healthcare and to provide you with the programs and services you need.

Your employer offers both a regional and a national plan. The Select Choice plan offers you coverage regionally and the Open Access plan offers you coverage nationwide. Choose the plan that is right for you based on the needs of you and your family.

	Select Choice	Open Access
<b>How many providers are in the network?</b>	28,000 providers	650,000 providers across the nation
<b>How many hospitals are in the network?</b>	262 hospitals	6,500 hospitals across the nation
