Workers' Compensation Bill Review and Provider Payment

Don't waste valuable staff time sorting through complicated workers' compensation bill review and provider payment issues. Put the experts at HealthPartners to work for you. We'll save you time and money — with an expected return on your investment of 25% to 50%.

Why choose HealthPartners?

- Immediate savings on workers' compensation costs
- Immediate decrease in time for provider payment
- Immediate decrease in amount of time and effort you and your staff are spending on bill review and provider payment issues
- Tighter coordination of benefits between workers' compensation and positive health outcomes — which makes for healthier employees and a healthier bottom line.

Care you and your employees can trust

Medical Provider Bill Review

Key components of our program:

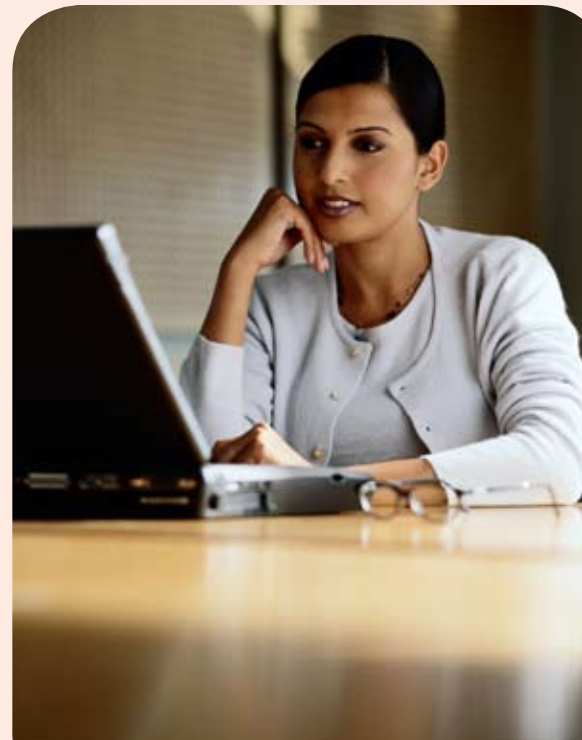

- Provider bill review services to ensure you don't pay more than the state fee schedule
- Use of usual and customary databases in non-fee schedule states
- Clinical edits to determine appropriate charges according to diagnosis and nationally accepted medical practices
- Use of proprietary and national medical provider networks to achieve additional savings and provide prompt, quality medical care with the goal of a safe return-to-work.
- Utilization review to protect against over-utilization of healthcare services.

Hospital bill audit criteria:

- Medical claims that are more than \$5,000 for hospital or \$2,500 or physician
- Nationwide charges — within or outside of a PPO

Complex bill review criteria

- Professional charges that include multiple procedures or surgery codes, when charges are greater than \$500.
- Professional charges that include two or more surgery CPT codes billed on the same date of service
