HealthPartners® Workers' Compensation Certified Managed Care Plan

It's a simple fact — the right care at the right time can save you money and boost employee satisfaction. But how can you make sure your employees get the right treatment when they're injured?

Our certified managed care plan integrates an array of resources to help your employees who have work-related injuries get better — and get back on the job faster.

Our comprehensive plan is proven to:

- Reduce lost work time
- Manage costs to ensure best care and results
- Avoid prolonged disabilities
- Get employees back to work as quickly as possible
- Integrate with the health plan for a cohesive use of health plan services

Care you and your employees can trust

Workers' Compensation Certified Managed Care Plan

Key features for optimal care, service and cost containment

1 Accessible CareLineSM service

Our 24-hour, 7 days a week phone line is staffed by registered nurses who provide your workers with immediate guidance about appropriate care.

2 Focused provider networks

From initial treatment through optimal recovery, our providers empower workers to participate fully in their recovery.

3 Experienced medical case managers

Our nurse case managers coordinate and streamline treatment and recovery, with a clear focus on helping employees return safely to productivity.

4 Dedicated customer service

To ensure the success of your Workers' Compensation Managed Care Plan, we dedicate account resources specifically to you. Our service assures you and your employees minimal disruption and continuing support.

When your employees get hurt on the job, you can rely on HealthPartners to make sure they get the right care.

To learn more about our Workers' Compensation Managed Care Plan, call 952-883-5396 today.

The HealthPartners Workers' Compensation Managed Care Plan is certified by the State of Minnesota Department of Labor and Industry.
