Dear [Name],

As you approach age 65, you've probably started thinking about your healthcare options after retirement. You have some important decisions to make about your medical and drug coverage. I can help!

[Contact] [Call] me at [Broker Contact Info] to help answer questions you have about Medicare and HealthPartners plan options, as well as walk you through the process of determining which plan is best suited to the retirement you choose to live.

Choose your plan, choose your doctor

HealthPartners[®] Freedom Plan (Cost) allows you to build the plan that's right for you from three medical plans, three prescription drug plans and a dental plan option. Plus, you can likely keep your doctor since HealthPartners contracts with more than 31,000 providers across the state. And no referrals are required within the network.

More coverage than you would expect at affordable rates

The Freedom Plan (Cost) provides you with coverage you won't get from Original Medicare alone, plus many of the same benefits as plans that cost much more, including:

- 100% coverage for preventive medical care (limitations may apply)
- Hospitalization coverage
- Unlimited worldwide coverage for emergencies or urgent care
- Extended travel benefits within the United States for up to nine months per year
- Multiple options for Medicare Part D prescription drug coverage
- Dental coverage options
- Ongoing fitness programs to help you enjoy a healthy life

[Contact] [Call] me at [Broker Contact Info] for more information. You can also call HealthPartners Medicare Sales at 952-883-5601 or 1-800-247-7015 between 8 a.m. and 6 p.m., Monday through Friday.

I look forward to [meeting] [speaking with] you and hope you will consider me your partner for all your post-65 retirement healthcare needs.

Sincerely,
