Weight Management

Weight Loss Basics in a Nutshell

Learn weight loss essentials that will help you lose weight: how to calculate your calorie budget, how to strategize to promote change, how to motivate yourself and how to exercise efficiently. *

- Length:** Two-hour class
Where: Many HealthPartners Clinics
When: Several times throughout the year
Cost: ** See below

Healthy Weight Loss Strategies

Lose weight and keep it off in this intensive long-term program. It's medically approved and led by a registered dietitian and HealthPartners providers with expertise in weight management. You'll get a manual with nutrition information, goal worksheets and a pedometer to help you improve your fitness. Even a small weight loss has been shown to improve your cholesterol levels, blood sugar and blood pressure.

- Length:** Thirteen 90-minute classes
Where: 5-6 HealthPartners Clinics
When: Throughout the year
Cost: \$290

Diabetes-related

Preventing Diabetes Class

Lower your risk of developing Type 2 diabetes. You'll learn about staying at a healthy weight, heart-healthy eating and ways to get more physical activity. *

- Length:** Two-hour class
Where: Many HealthPartners Clinics
When: Several times throughout the year
Cost: ** See below

Prenatal Gestational Diabetes Nutrition Class

This class provides expectant mothers who have a diagnosis of diabetes with a guide to healthy eating and managing good blood sugar control for the best pregnancy outcomes. *

- Length:** Two-hour class
Where: HealthPartners Riverside, St. Paul and Woodbury Clinics
When: Several times throughout the year
Cost: Free for HealthPartners members

Diabetes Weight Loss Basics Class

Gain tools you need for losing weight to enjoy a healthier lifestyle with diabetes. You must have already attended a HealthPartners diabetes education class. *

- Length:** Two-hour class
Where: Many HealthPartners Clinics
When: Several times throughout the year
Cost: ** See below

healthpartners.com

Cholesterol

Cholesterol Class

Learn to make healthier food choices and lifestyle changes that will lower your cholesterol and lipid levels, and benefit your heart. *

- Length:** Two-hour class
Where: Many HealthPartners Clinics
When: Several times throughout the year
Cost: ** See below

Diabetes Education Classes

These group sessions are for people who have been diagnosed with diabetes. Topics covered include diabetes self-management such as monitoring, medication and risk reduction, to diabetes eating basics. You must see a HealthPartners registered dietitian or diabetes nurse specialist before attending class. *

- Length:** Eight hours over 2-3 sessions
Where: Most HealthPartners Clinics
When: Several times throughout the year
Cost: **See below

Insulin Pump Support Groups

This group is for anyone with diabetes who wants to learn more about managing diabetes with an insulin pump. It's for people already using a pump or thinking about buying one. *

- Length:** Two-hour sessions
Where: HealthPartners Health Specialty Center 401
When: Six times a year
Cost: **See below

* *Guest welcome.*

** *Cost is typically \$20, but subject to change. Check with your insurance plan about your coverage and any copays you may have.*
