This list does not include all products that are Not Covered and is subject to change.

There is a quantity limit of 200 strips per month for all blood glucose test strips.

Coverage for blood glucose testing products is typically under a separate medical benefit (durable medical equipment or DME benefit). Please check your policy to verify your coverage for blood glucose testing meters and strips, as well as other diabetes supplies such as lancets and insulin syringes.

Blood glucose testing strips and meters can be purchased through any provider network pharmacy and will require a prescription in order to receive these products.
