CORE I — General Privileges (check box if requesting

Privileges

Privileges include:

- Admit and discharge patients
- · Chart admission histories and physicals, progress notes, and discharge summaries
- Order appropriate ancillary or support services,
- · Instruct and educate patients,
- · Conduct patient rounds,
- · Procedures.
- Consultation and referrals.

CNM will seek consultation, collaboration, and /or transfer of the patient in keeping with the guidelines established in the OB Communication and Consultation Policy. The CNM is expected to institute appropriate initial or emergency care while awaiting consultation.

Basic education and minimal formal training

- 1. Completion of ACNM accredited nurse midwifery program.
- 2. Current RN and AP registration to practice nursing in Minnesota.
- 3. Current certification as a Certified Nurse Midwife by the American Midwifery Certification Board (AMCB).
- 4. Current DEA registration.
- 5. Completion of a fetal heart rate refresher course and participation in at least 2 Birth Center interdisciplinary team training initiatives in a 2 year time period.

Required documentation and experience

NEW APPLICANTS

- 1. Complete online electronic fetal heart monitoring education course within 3 months of initial credentialing.
- 2. Provide contact information for two practitioners, one of whom is a CNM, whom the credentialing specialist may contact to provide an evaluation of your clinical competency.

- 3. Performs initial newborn exam.
- 4. Refer newborn to pediatrician for further evaluation and care as indicated

ACKNOWLEDGEMENT OF PRACTITIONER

I have requested only those privileges for which – by education training, current experience and demonstrated performance – I am qualified to perform and that I wish to exercise at Regions Hospital. I understand that:

- 1. In exercising any clinical privilege granted, I am governed by Regions Hospital and Regions Medical Staff policies and rules applicable generally and any applicable to the particular situation.
- 2. In an emergent situation I may perform a procedure for which I am not privileged when no practitioner holding the applicable procedure is available to respond to the emergency.

I agree to supply Regions Hospital Medical Staff Services (or defor the privileges that I have applied for. I also understand that information is received.	•
