

HEALTHPARTNERS'
PROVIDER LIST APPENDIX
Date of Last Update: April 2025

In connection with its Financial Assistance Policy, and as required by law,¹ HealthPartners maintains a list of providers who are not employed by the hospital facility, but who provide emergency or other medically necessary care to our hospital patients. These non-facility providers may bill patients separately for their services. This provider list below specifies which of these providers will apply the HealthPartners' Financial Assistance Policy and which will not.

Please note that, where applicable, providers may be listed by a general reference to a department or service line, meaning all providers delivering care within those departments or service lines are or are not covered by the Financial Assistance Policy. Providers may also be listed by individual names, practice groups, or business/company names.
