

How it works

Just like a doctor's visit, but online. No video required.
No apps to download. No waiting.
That's virtuwell – your convenient online clinic.

Step 1

Answer a few questions

We guide you through questions online that are straightforward and easy to answer. We'll ask about your symptoms, medications and allergies too.

Step 2

Diagnosis by real people, really fast

Board-certified nurse practitioners review your answers, make a diagnosis and recommend the care you'll need. Prescriptions are sent to your favorite pharmacy.

Step 3

Payment & insurance

Just enter your credit card, and insurance information if you have it. We'll submit the insurance claim for you.

Step 4

Start feeling better

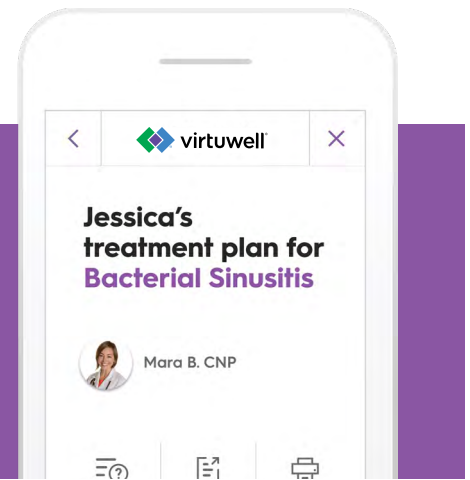

That's it! You'll get a text and email the second your treatment plan is ready. Questions? The nurse practitioners are available by phone to help.

Our customer service team is available to listen and help. If you aren't satisfied, for any reason, we'll refund your cost. Because we believe happiness is a big part of good health.

Our services

We treat over 60 conditions safely online by asking the same questions you'd hear in a doctor's office. We treat kids ages 2+ for most conditions.
