

Stay organized with your personalized dashboard

My dashboard helps you take the right next steps through personalized alerts and recommendations from your health plan.

Everything you need in one convenient place

To access your My dashboard, create an online account at healthpartners.com/account/create. Everything you see is tailored to you. And it changes and evolves as your needs do.

Understand your plan

There are helpful tips and tools to help you save money and get the most out of your health insurance.

See what needs your attention

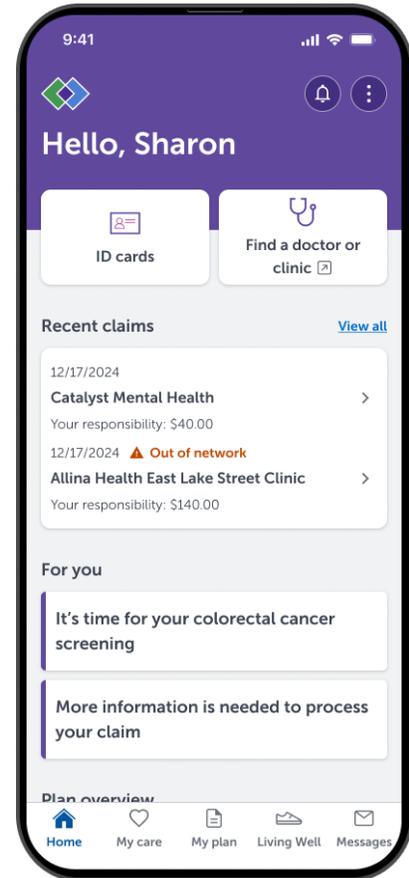

From preventive care recommendations and prescription refill reminders to condition management support, My dashboard helps you take the right next steps for your health.

Support your mental health

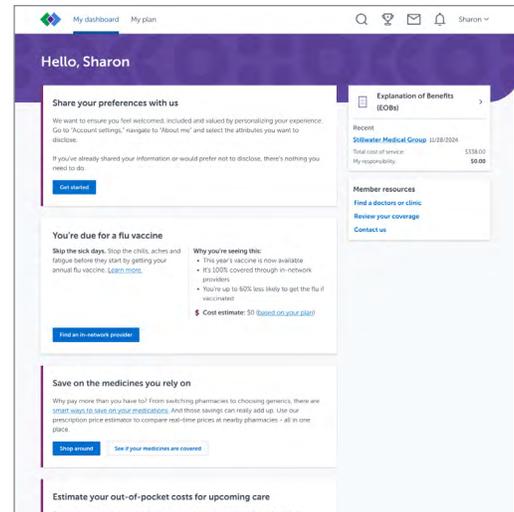

Find no cost resources to help you manage and overcome challenges with stress, anxiety, depression, sleep and more.

Live your best life

Well-being activity and incentive reminders help you take advantage of programs offered by your eligible health plan.
