

# HealthPartners senior dental plans

For individual retirees who buy their own dental insurance

---

## Here to be your dental partner

Your overall health matters most. To support that goal, we build dental plans with benefits that help ensure you get the care you need. We're committed to lowering costs. And we're here to help you understand your plan and answer your questions. Partnership – it means we're in this together.

# Get started

The more you know about your dental plan, the easier it is to make good decisions for your health and wallet.

## Understand your costs

You'll likely see these terms during enrollment and throughout the year. Knowing how these costs work with your plan will help you avoid unexpected charges.

- **Annual maximum** – the total amount your plan will pay for the year. You'll be in charge of paying all costs after that.
- **Coinsurance** – a percent of the bill you pay. Your plan covers the rest.
- **Deductible** – the amount you're responsible to pay for care before your plan helps cover costs, not including your premium.
- **Premium** – how much you pay for your plan.

## Use your online account

With an online account, you can get up-to-date personal dental plan information in one simple place.

- Check your deductible or annual maximum spending
- Manage your health on the go with the *myHP* mobile app
- Search for dentists in your network
- See claims and how much you could owe
- View your member ID card

# Choose your network

Your first step to finding the right dental plan is to pick a network. Residents of Minnesota may choose between two networks: HealthPartners Dental Group network or the Open Access network. Wisconsin residents get our Open Access network.

## HealthPartners Dental Group (HPDG) network

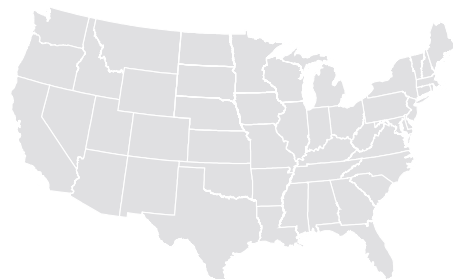

With HPDG, you'll get top-notch care and a narrow network with nearly 100 dentists and specialists at clinics in the Twin Cities. Go to **[healthpartners.com/dentalHPDG](https://healthpartners.com/dentalHPDG)** to find a dentist.

## HealthPartners Open Access network

Whether you're in Minnesota or Wisconsin, you have access to the majority of dentists across both states. And with more than 85,000 dentists nationwide, you're sure to find great care near you. Go to **[healthpartners.com/seniordental](https://healthpartners.com/seniordental)** to find a dentist.

### Find care

Log in to your account at **[healthpartners.com](https://healthpartners.com)** to find a dentist in your network. Or call Member Services during business hours.

Choose a plan to fit your needs. You have three options: Standard Comprehensive, High Comprehensive and Preventive Plus.

### Eligibility rules

- Contract holder must be a Minnesota or Wisconsin resident.
- Individuals canceling coverage must wait two years to re-enroll.
- Retro-cancellation is not permitted.
- Must show proof of medical coverage. If medical coverage is terminated, dental coverage may be terminated by HealthPartners.
- Waiting periods may be waived for enrollees with proof of prior qualifying comparable coverage within 90 days of coverage; however, if you intend to keep that dental coverage this plan will be secondary and all waiting periods will apply.
