Statement of Interest

Like you, I'm genuinely thankful for the incredible care HealthPartners provides. With great excitement, I am putting myself forward as a potential board member to represent all of us who value top-notch health care.

Being the CEO of the Science Museum of Minnesota and a longstanding HealthPartners member, I'm deeply aware of the importance of creating a fair and sustainable world for HealthPartners families. With my leadership and experience on health care and education boards, I understand the vital role accessible and affordable health care plays in everyone's lives.

Let's continue to thrive together because we're stronger as one community.

Statement of Interest

As a HealthPartners customer and patient for 40 years, I have come to understand and value the deep commitment the organization makes to improving the health and wellness of members, patients and the greater community.

HealthPartners' ability to execute and deliver on their commitment to the accessibility and affordability of high quality health care is without peer in the marketplace. My career as a banker, community volunteer and social worker makes this a mission and value statement that I am committed to support with my time, head and heart in these challenging and ever-changing times.
