

Methodist Hospital Hospice

Park Nicollet Methodist Hospital Hospice provides compassionate and meaningful care to patients who have a life-limiting illness or are dying.

At home, in the hospital, in long-term care facilities, and in residential hospice, donor and volunteer generosity sustain a variety of programs that provide patients and families with peace, comfort, and dignity at an important time in life.

What your gift means to veterans

Our Veterans have sacrificed for our country and deserve to be honored and recognized—the end of life is no exception. Your gift helps make sure that happens.

The Henry B. Melrose Veterans Honor Program can give thanks to Veterans like Pat by providing support items and services to ensure dignity at the end of life.

Living with severe hearing loss, Pat had grown used to asking people to repeat themselves. He'd become frustrated when he wasn't able to hear someone. Struggling to carry on conversations, he'd disengage with those around him. But with gifts from people like you, the Henry B. Melrose Veterans Honor Program was able to give Pat a pocket talker. Not only could he enjoy his favorite TV shows, but he cried tears of joy when he was able to participate in conversations for the first time in years.

2,533

volunteer hours of care and service to support hospice patients and families by **1,257** specialty-trained hospice volunteers

68,345

integrative therapy visits provided

91,163

days of hospice care support to patients
