

In accordance with your request, we are enclosing application materials for the School of Ophthalmic Medical Technology. Your packet contains the following:

Form A-2	Application for Admission Form
Form A-3	Personal Reference Forms (3)
Form A-3a	Cover Letters to accompany your Personal Reference Forms (3)

The cover letter (Form A-3a) should be forwarded to each of your references along with a Reference Form. You may also wish to enclose an envelope addressed to the school for their convenience in forwarding the completed reference form to the school. Those who are providing a reference for you should mail the form directly to the school.

Official Transcripts are required from high school and all college, university and/or vocational school(s) which you attended. They should be sent directly to this school. A personal interview is required of all applicants; interviews will not be scheduled until all application data has been received by Admission Committee.

The Admission Committee will review and consider only those applicants who have completed applications on file. To ensure that your application is considered for Fall Semester, all information has to be in the school's office by April 15th.

If you have any questions regarding the application procedure, please feel free to contact us. Thank you.
