

About Regions Hospital

Established in 1872, Regions Hospital is a private, not-for-profit organization. The hospital provides health care services in St. Paul and its surrounding communities, as well as for patients from throughout Minnesota, western Wisconsin and other Midwestern states.

Regions Hospital is part of HealthPartners, the largest consumer-governed, nonprofit health care organization in the nation with a mission to improve health and well-being in partnership with members, patients and the community. Regions Hospital is a Level I Trauma Center serving adults and children in Minnesota and western Wisconsin for more than 140 years.

We are a teaching facility that offers strong critical and surgical care in tandem with excellent trauma, emergency, behavioral health and burn center programs. The health professionals at Regions Hospital are involved in teaching and research focused on improving health and medical care. For more information, visit regionshospital.com.

About the Twin Cities

Sitting on the banks of the Mississippi River, the Twin Cities and surrounding suburbs is the thirteenth largest metropolitan area in the United States with a population of approximately 3.5 million.

St. Paul, Minnesota offers a variety of cultural and sporting opportunities including: the Xcel Energy Center (a multi-purpose entertainment and sports venue – home of the Minnesota Wild hockey team), Ordway Center for the Performing Arts, the Minnesota Opera, Science Museum of Minnesota and the Minnesota History Center.

Minneapolis, Minnesota offers the following cultural and sporting opportunities: Orpheum Theatre, Walker Art Center, bustling music scene including First Avenue, Target Center (home of the Minnesota Timberwolves), Target Field (home of the Minnesota Twins) and US Bank Stadium (home of the Minnesota Vikings).

Area recreational activities include: downhill and cross-country skiing, golfing, bicycle trails, hiking, shopping at the Mall of America and area lakes with opportunities for boating, fishing and swimming.
