

# OHPE Update:

A Newsletter for Residents, Students,  
& Clinician Educators

October 2021

## From the Office of Health Professional Education

As we are approaching the end of 2021, we are looking back at the last year and planning how to best support our team members, trainees, and clinician educators in 2022. We have some exciting virtual events hosted by our office coming up next month. We have also been partnering with Employee Health Services to ensure a safe environment for our trainees, educators, and patients.

Reminder that HealthPartners colleagues have until **5 p.m. Friday, October 29** to complete the COVID-19 participation requirements of HealthPartners colleague vaccination program. This includes employed and sponsored residents as well as students.

Throughout last month, we reached out to students in SharedSpace4Learning to complete the update to their profiles before the October 29th deadline for verifying their COVID 19 vaccine status. Thank you to all the students who have already entered dates and verification of COVID and Influenza Information, and to site admins who have ensured that students have the support they need to complete this update.

Details on the vaccine program can be found [here](#) and our [FAQ page](#).

Please reach out to [SharedSpace4Learning@healthpartners.com](mailto:SharedSpace4Learning@healthpartners.com) with questions.

## Upcoming events and reminders

### Emergency Medicine Residency Grand Rounds: Caring for the transgender patient in the emergency department

Please join the HealthPartners Institute, Regions Hospital Emergency Medicine Residency Grand Rounds, and presenter Carol Franklin, RN, on Thursday, Oct. 28 from 12-1 p.m. This event will be held in person at the Regions Hospital auditorium and call-in information via WebEx is provided below. All are welcome!

## OHPE Announcements

### OHPE Unplugged - Save the date for upcoming session with Dr. Brian Rank

**November 18 @ 12 pm** - Dr. Brian Rank discusses his path through leadership journey tied to medical education along the way and vision for the future of medical education

Click [here](#) to download calendar invite for November session.

Due to a systemwide network outage, the October OHPE Unplugged session had to be cancelled, and has been rescheduled for **Dec 16**. Join us as Dr. Amy Bonifas reflects on her journey to her new role as Program Director and what she wishes she knew beforehand.

Click [here](#) to download calendar invite for December session.

### Clinician Case Conferences resume October 28

Join us for Monthly Clinician Case Conference - an educational collaboration designed for HealthPartners clinicians. Interesting cases from our care group will be discussed in a case-based format.

These case presentations are co-lead by Tarrek Hegab, MD (Hospital Medicine) and Meredith Wold, PA-C (Institute)

**Upcoming session: Thursday, October 28, 7 am.** [Click here to join presentation on Teams.](#)

View archived videos, including COVID-19 Case Conference videos on [myPartner](#).

### Raising awareness about using gender-inclusive language on International Pronouns Day

The third Wednesday of October is celebrated as [International Pronouns Day](#), a day to build awareness about using gender-inclusive language. To learn more about the importance of pronouns and to find resources visit [myPartner](#).

## Download the new LiveSafe app to connect with security teams 24/7

It's important to feel safe at work and know help is there when needed. Our security team has launched a new mobile app called LiveSafe that reaches security quickly and easily. Colleagues can do the following through the app:

- Submit suspicious activity
- Report an incident
- Call or message security through the app with any safety or security concerns.
- Use a peer-to-peer virtual escort tool, called SafeWalk, that helps get colleagues from place to place safely.

LiveSafe is an addition to our current safeguards and does not replace any existing processes for reaching security. With questions or feedback, reach out to the [HealthPartners security team](#). For more information about LiveSafe, including download instructions, visit [myPartner](#).

## Clinician publications

Recent publications from Felix Ankel, MD in the [Journal of Emergency Medicine](#) and the [ICE blog](#)
