

# HealthPartners Longitudinal Acute Care Nurse Practitioner Experience

## Experience Description

Students train at dedicated centers where preceptors have the passion, skills, and time to teach among interprofessional teams enacting best practices. Fewer students over a longitudinal period (9-12 months) immerses them into the culture of HealthPartners, facilitates recruitment and streamlines administrative support.

**Length of Experience:** 9 months      **Number of Students:** 1      **Starting Date:** January 31, 2022

## Continuous Enrichment

Students will take part in a high quality tailored orientation and will receive ongoing support to best prepare them. During the experience, students will also be part of additional learning opportunities to further grow as a practitioner beyond their clinical skills.

## Clinical

All clinical rotations will occur at Regions Hospital with preceptors from the specific specialty.

### 9 month clinical rotation schedule:

- 4 weeks – Internal Medicine
- 4 weeks – Family Medicine
- 12 weeks – Hospitalist/Emergency Medicine
- 12 weeks – Specialty Care
- 12 weeks – ICU Setting
