

Open Access Plan Perform Network

About your plan

With HealthPartners Open Access plan, just choose from the doctors in your network, and get care wherever and whenever it's best for you. It's that simple.

You also have network access to many services like:

- Convenience and online care
- Hospital care
- Specialty care—no referrals needed
- Prescription medicines
- Preventive care

Find a doctor in your Open Access Perform network

When it comes to your health care, finding the right doctor is really important. To see if your doctor is in the Open Access Perform network or to find a new one, you can:

- Visit healthpartners.com and search the Open Access Perform network. Search for doctors by name, clinic name, specialty, language, gender, hours of business, and more.
- Learn how doctors rate on cost and quality so you can make the best choice for you.
- Choose from more than 700,000 doctors and other care providers, plus 6,000 hospitals in the United States.

How your plan works

Learn more about how the Open Access plan works by using this chart with your Summary of Benefits and Coverage (SBC). This chart highlights SBC information people find most useful when picking their health plan.

Your Open Access plan	
Your network - where can I go to the doctor?	Open Access Perform network SBC Page 1
Your deductible - if I have a deductible, how much is it?	SBC Page 1
Your out-of-pocket limit - what's the most I will pay for health care?	SBC Page 1
Your office visit costs - how much will I pay for office visits?	SBC Page 2
Your special tests - how much will I pay for MRIs, CT Scans and X-rays?	SBC Page 2
Your emergency needs - how much does it cost to go to urgent care or the emergency room?	SBC Page 3

Plus, routine preventive care is typically covered at 100 percent. Please check Page 2 of your SBC for more details.
