

DistinctionsSM III Plan

About your plan

With HealthPartners[®] Distinctions III plan, you're in control. All hospitals and clinics are put into three benefit levels based on quality and cost. The amount you pay for care depends on the benefit level your hospital or clinic is in. When it comes to your care, this plan helps you choose the doctor that's right for you!

You also have network access to many services like:

- Convenience and online care
- Hospital care
- Specialty care—no referrals needed
- Prescription medicines
- Preventive care

How your plan works

The amount you pay for care depends on your clinic's or hospital's benefit level and the type of care you need. For the best value, use benefit level 1 doctors:

Benefit level	Cost
Benefit level 1: You pay less for your care	\$
Benefit level 2: You pay more for your care	\$\$
Benefit level 3: You pay the most for your care	\$\$\$

Make sure to check your doctor's benefit level before making an appointment—doctors, clinics and hospitals are all rated separately.
