

HealthPartners[®] GenericsAdvantageRx

2020 Formulary

(List of covered drugs)

For current information on the GenericsAdvantageRx Drug List, visit healthpartners.com/pharmacy.

Effective: January 1, 2020

©2020 HealthPartners

What's the GenericsAdvantageRx drug list?

This is the list of medicines (sometimes called a formulary) covered by your health plan. The drug list is reviewed by a team of experts every three months for new medicines, safety alerts and other updates.

Who decides what's on the drug list?

The HealthPartners Pharmacy and Therapeutics Committee manages the list. This team of experts is focused on safety, effectiveness and affordability. Visit healthpartners.com/pharmacy for more information.

How do you use the drug list?

The medicines on the drug list are listed in alphabetical order by type of medicine starting on page 4.

Generic medicines are in *lowercase italics* (e.g., *cephalexin*). These medicines are safe and effective but cost less than brand medicines.

Brand medicines are in ALL CAPS (e.g., KEFLEX) and are more costly than generic medicines.

The **Tier** can be used to determine how much a medicine will cost you. For exact cost information,

- Find the status for your medicine.
 - Review your Summary of Plan Benefits or contract for the copay or coinsurance for that Status. Or,
 - Log on to your *myHealthPartners* account to check your pharmacy benefits.
-
- T1 – Formulary Low Cost Generics
 - T2 – Formulary High Cost Generics
 - T3 – Formulary Brands
-

What's a Specialty Medicine?

Specialty medicines are usually prescribed by doctors whose focus is on the treatment of chronic and complex diseases. These medicines usually require more management, have a high price and aren't always stocked at retail pharmacies. Prescriptions for these medicines must be filled at a specialty pharmacy and are often covered at a different benefit than non-specialty medicines. Log on to your *myHealthPartners* account and click on *My plan benefits* on the Medical Plan tab to check your benefits for specialty medicines.

What do the abbreviations under *Limits & Restrictions* mean?

Special information about the medicine you're searching for. The abbreviations let you know there might be a special program or rule for the medicine. Use this key to help you navigate the drug list:

- PA - Prior Authorization Required
- ST - Step Therapy Required
- AL1 - Age Limit
- AQ1 – Age Quantity Limit
- QL - Quantity Limit
- SC - Smoking Cessation Benefit
- WL - Weight Loss Benefit
- ONC - Oncology Benefit
- TD - Trial Drug Program
- S – Specialty

Why do you need prior authorization (PA) for some medicines?

Even though some medicines are on the drug list, they need to meet the HealthPartners prior authorization criteria in order for the medicine to be covered by your pharmacy benefits.

What's Step Therapy (ST)?

Some medicines are on the drug list, but you need to try one or more other medicines first. HealthPartners covers a medicine with step therapy, if you've already tried the other medicine(s). If you haven't, you or your doctor will need to get approval from HealthPartners before the medicine will be covered by your lowest brand, generic or specialty copay or coinsurance.

What's an Age Edit (AE)?

An age edit means some medicines are only covered if you're within a specific age range. If you're not in the approved age range, you or your doctor will need to request approval from HealthPartners for your medicine to be covered.

What's a Gender Edit (GE)?

A gender edit means some medicines are covered for males or females only. If you're not in the approved gender group, you or your doctor will need to request approval from HealthPartners for your medicine to be covered.

What's a Quantity Limit (QL)?

This means HealthPartners limits the amount of the medicine you'll get each time you fill your prescription. The quantity limit may be less than the days supply listed in your contract or Summary Plan Description.

What's the Trial Drug Program (TD)?

The trial drug program is for new prescriptions for certain medicines that may not be well tolerated due to:

- Side effects
- High cost
- High potential for waste

Your first 6 fills of a trial drug may be limited to less than a month supply. If the medicine works well, you'll get the rest of your month supply. If a copay applies to the medicine, you'll pay no more than one copay for each one month supply.

What's the Weight Loss Benefit (WL)?

This type of medicine may have limits on the amount you get or may not be covered under all plans. Log on to your *myHealthPartners* account and click on *My plan benefits* on the Medical Plan tab to check your benefits for weight loss. Weight Loss medicines are listed on the drug list under the Weight Loss medicine category.

What's the Oncology Benefit (ONC)?

These are oncology (cancer) medicines that must be filled at a specialty pharmacy, but you're only responsible for your regular generic or brand pharmacy copay or coinsurance.

TIER	DESCRIPTION
1	Formulary Low Cost Generics
2	Formulary High Cost Generics
3	Formulary Brands

TYPE	DESCRIPTION
QL	Quantity Limit There is a limit on the amount of this drug that is covered per prescription, or within a specific time frame.
PA	Prior Authorization You (or your physician) are required to get prior authorization before you fill your prescription for this drug. Without prior approval, we may not cover this drug.
ST	Step Therapy In some cases, you may be required to first try certain drugs to treat your medical condition before we will cover another drug for that condition.
AL1	Age Limit This prescription drug may only be covered if you meet the minimum or maximum age limit.
S	Specialty Drug Specialty drugs are high-cost drugs used to treat complex or rare conditions, such as multiple sclerosis, rheumatoid arthritis, hepatitis C, and hemophilia.
AQ1	Age Quantity Limit There is a limit on the amount of drug covered per prescription, or within a specific time frame. Must also fall into the specified age range.
ACA	Affordable Care Act This product is covered under the Affordable Care Act.
PREV	Preventive Drug Preventive drugs are used to help avoid disease and maintain health. Some insurance plans have a benefit that allows you to buy preventive drugs at a copay. Log on to your secure account to check your benefits.
WL	Weight Loss Medicines marked with this symbol are used for weight loss. Certain plans don't cover these medicines. Log on to your secure account to check your benefits for weight loss.
SC	Smoking Cessation Medicines marked with this symbol are used to for smoking cessation.

ONC	Oncology	Oncology (cancer) medicines must be filled at a specialty pharmacy, but your regular generic or brand pharmacy copay or coinsurance will apply.
GH	Growth Hormone	Growth Hormone may not be covered under all contracts. Log on to your secure account to check your benefits and medical coverage criteria for growth hormone.
DS	Diabetic Supplies	Glucose testing supplies are covered under your durable medical equipment (DME) benefit.
MED	Medical Drug	Medicines marked with this symbol are not on the formulary, but may be covered under your medical benefit. Go to https://www.healthpartners.com/public/coverage-criteria/ for criteria or log on to your secure account.
TD	Trial Drug	Medicines marked with this symbol are in a trial drug program. The first 6 fills may be limited to less than a month supply. If tolerated and effective you will receive the remainder of the supply and pay no more than one copay for each full month supply.
OP	Opioid Program	New users will be limited to a 7 days supply for their first fill, and a total of 14 days supply for each episode. Longer therapy requires prior authorization: Provider attestation, that therapy for this patient is being managed per standard opioid prescribing guidelines, including assessment and documentation of risk factors for chronic opioid use.
EXD	Excluded Drug List	The Excluded Drug List includes selected drugs within a therapy class that are not eligible for coverage on contracts excluding coverage for drugs on the Excluded Drug List. For more information on your benefits, call Member Services at the number on the back of your member ID card.
SD	Sexual Dysfunction	Products to treat sexual dysfunction may not be covered under all contracts. Log on to your secure account to check your benefits for coverage details.
