

Smiles made brighter

Your smile says a lot about the way you feel – inside and out. There's a strong link between dental health and your overall health.

At HealthPartners Dental Clinic, we use a preventive approach to dentistry to keep you smiling and feeling good. We give you:

- *Personalized care plans based on your lifestyle*
- *Preventing dental disease instead of just treating it*
- *Gentle, caring staff*
- *Latest technology*
- *Specialty care – pediatric dentists, oral surgeons, orthodontics*
- *Cosmetic dentistry – teeth whitening, veneers, implants*

We welcome self-pay patients and most dental insurance. Call **952-967-6917** to schedule an appointment or visit healthpartners.com/dental to learn more.
