How do patients rate the hospital overall?

The HCAHPS (Hospital Consumer Assessment of Healthcare Providers and Systems) survey is the first national, standardized, publicly reported survey of patients’ perspectives of hospital care. HCAHPS, also known as the CAHPS® Hospital Survey, is a standardized survey instrument and data collection methodology for measuring patients’ perceptions of their hospital experience.

This percentage is based on patients who gave an overall rating between 7 and 10 (on a 10-pt. scale) for the hospital.
