Get Well@Work

Wouldn’t it be great if you didn’t have to leave work to go to the dentist? Now you don’t have to. We’ve brought the clinic to you.

What’s a Well@Work dental clinic?
It’s a clinic at the Anoka County Government Center that treats many of the same things your regular dentist does. The clinic has both a hygienist and a dentist ready to help your smile look its best.

What can I be seen for at the clinic?
You can visit your Well@Work dentist for all the same things you see your current dentist for. This includes:

- Cleanings
- Crowns
- Exams
- Fillings
- And more!

How does the Well@Work dental clinic work with my plan?
The clinic is in your Benefit Level 1 network, which means you’ll get the best coverage at this clinic. You’ll pay for services based on your Distinctions III plan coverage.

Clinic location: North Side of the Government Center in the Professional Building
2150 Third Avenue, Suite 200
Anoka, MN
