

HealthPartners Provider Relations & Network Management completes an annual assessment of the HealthPartners’ provider network. A network must be sufficient to meet the access and availability needs of members throughout our service area.

Please see the list below of the specific HealthPartners specialties for which the HealthPartners’ provider network is open or closed in all of or parts of our service area (i.e., healthcare specialties for which HealthPartners is or is not currently accepting applications to add new providers).

Provider Specialty Type	Twin Cities Metro Area <i>Is network open or closed for this specialty type?</i>	Outside Twin Cities Area – Greater MN, WI, ND, SD & IA <i>Is network open or closed for this specialty type?</i>
Acupuncture	Closed	Open
Audiology <i>Hearing Aid Dispensing sites are closed for metro only.</i>	Closed	Open
Behavioral Health <i>*Most private practice (excluding Psychiatry), Master’s Level providers</i>	Closed	Open
Interpreter Services	Closed	Closed
Home Health Care	Closed	Open
Home Infusion Therapy	Closed	Open

Provider Specialty Type	Twin Cities Metro Area <i>Is network open or closed for this specialty type?</i>	Outside Twin Cities Area – Greater MN, WI, ND, SD & IA <i>Is network open or closed for this specialty type?</i>
Personal Care Assistants (PCA)	Closed	Closed
Physical Therapy (PT), Occupational Therapy (OT), Speech Therapy (ST)	Closed	Open
Transportation	Closed	Open
Vein Surgery	Closed	Closed

If you are in one of the closed specialties mentioned above, your application allows HealthPartners to contact you when a need arises.

If you have previously been denied network participation, if you are a provider in one of the closed specialties listed above, or if you previously submitted your Provider Inquiry and have new information on your services or service area, you may resubmit the information at any time.

A HealthPartners Contracting Representative will call you if there are questions.

Note: When credentialing is required, the submission of a completed MN Uniform Credentialing Application does not constitute a contract. Practitioners and physicians who require credentialing are required to meet HealthPartners' credentialing standards.
