**Title:** Supervised Exercise Therapy (SET) for Symptomatic Peripheral Artery Disease (PAD) (CAG-00449N)

**Decision:** The Centers for Medicare & Medicaid Services (CMS) has determined that the evidence is sufficient to cover supervised exercise therapy (SET) for members with intermittent claudication (IC) for the treatment of symptomatic peripheral artery disease (PAD).

**What this means:** Supervised Exercise Therapy (SET) for Symptomatic Peripheral Artery Disease may be covered for members when the SET program meets all the Medicare coverage criteria. Please refer to the final decision memo for specific details.

**Effective:** May 25, 2017
