

Coverage for: Individual & Family | Plan Type: HMO

Coverage Period: 1/1/18 – 12/31/18

The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, contact ETF at https://www.healthcare.gov/glossary/essential-health-benefits/ or call 1-877-533-5020 to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	\$250 individual / \$500 family	You must pay all the costs up to the <u>deductible</u> amount before the policy begins to pay for covered services you use, with the exceptions of office visit <u>copays</u> and for federally required preventive services. The <u>deductible</u> starts over with each plan year beginning on January 1st. See the chart starting on page 2 for your costs for services this plan covers.
Are there services covered before you meet your deductible?	Yes. Preventive care and primary care services are covered before you meet your deductible.	This <u>plan</u> covers some items and services even if you haven't yet met the <u>deductible</u> amount. But a <u>copayment</u> or <u>coinsurance</u> may apply. For example, this plan covers certain <u>preventive</u> <u>services</u> without <u>cost-sharing</u> and before you meet your <u>deductible</u> . See a list of covered <u>preventive services</u> at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	No	There are no other <u>deductibles</u> .
What is the <u>out-of-pocket</u> <u>limit</u> for this <u>plan</u> ?	Medical: \$1,250 individual/\$2,500 family Prescription drug: Level 1 and 2: \$600 individual/\$1,200 family Level 4: \$1,200 individual/\$2,400 family	The <u>out-of-pocket limit</u> is the most you could pay during a coverage period (usually one year) for your share of the cost of covered services. This limit helps you plan for health care expenses. The federal <u>maximum out-of-pocket</u> is \$6,850 individual/\$13,700 family. This applies to all essential health benefits, including some services not included in the <u>out-of-pocket limit</u> . (i.e. certain level 3 & 4 prescription drugs and certain hearing aids covered under this plan). See https://www.healthcare.gov/glossary/essential-health-benefits/ for details.
What is not included in the out-of-pocket limit?	Copays for Level 3 and Level 4 non-preferred specialty drugs; coinsurance paid by adults for hearing aids, premiums and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.

Will you pay less if you use a <u>network provider</u> ?	Yes. See www.healthpartners.com/stateofwisorcall1-855-542-6922 for a list of network providers .	This <u>plan</u> uses a provider <u>network</u> . You will pay less if you use a <u>provider</u> in the plan's <u>network</u> . You will pay the most if you use an <u>out-of-network provider</u> , and you might receive a bill from a <u>provider</u> for the difference between the provider's charge and what your <u>plan</u> pays (<u>balance billing</u>). Be aware, your <u>network provider</u> might use an <u>out-of-network provider</u> for some services (such as lab work). Check with your <u>provider</u> before you get services.
Do you need a <u>referral</u> to see a <u>specialist</u> ?	No, you don't need a <u>referral</u> to see a <u>specialist</u>	You can see the <u>specialist</u> you choose without permission from the health plan. However, you should get a <u>referral</u> to an orthopedist or neurosurgeon for low back pain.

All **copayment** and **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.
