

How it works

Just like a doctor's visit, but online. No video required. No apps to download. No waiting. That's virtuwell – your 24/7 online clinic.

Step 1

Answer a few questions

We'll guide you through a short series of questions about your symptoms, medications and allergies.

Step 2

Diagnosis by real people

Certified nurse practitioners review your answers, make a diagnosis and send prescriptions to your favorite pharmacy.

Step 3

Payment & insurance

Enter your credit card, and insurance information if you have it.

Step 4

Start feeling better

That's it! In about an hour, you'll get a text and email when your treatment plan is ready.

Our customer service team is always available to help. If you aren't satisfied, for any reason, we'll refund your cost.
