## Primary care clinic (PCC) list

This document is a list of the primary care clinics in the HealthPartners UnityPoint Health network. We encourage you to choose a PCC to provide and oversee your medical care. They collaborate with other health professionals and coordinate your care with the appropriate specialists. You don't need a referral from your PCC in order to see a specialist in the network.

Use this list to find the name and four-digit clinic ID number of the PCC you'd like to use and enter the information on the enrollment application. You can change your PCC for any reason at any time. To change your PCC, call Member Services at 888-360-0544 (TTY: 711).
