

# We're looking for passionate, caring LPNs and CMAs/RMAs

## Making a difference in patients' lives

**Licensed Practical Nurses, Certified Medical Assistants and Registered Medical Assistants are an integral part of the health care team.**

They use their expertise to help deliver individualized patient care within a dynamic care team. As a LPN or CMA/RMA in our clinics, you have the opportunity to work in over 50 specialties, from birth to end-of-life care.

### What does it feel like to be a Clinic LPN, CMA or RMA at HealthPartners?

LPNs, CMAs and RMAs work as important members of our care teams. You will help patients feel at ease in the doctor's office, gather information important to the patient's care and take action to meet patient needs. You'll feel supported by your colleagues and know that your skills are valued and trusted.

### What do LPN/CMAs/RMAs at HealthPartners do?

Our LPN/CMAs/RMAs use their clinical backgrounds, develop clinical and communication skills and help patients and their families with diverse backgrounds and needs get the best care possible.

### Our organization provides a wide variety of roles and responsibilities including:

- Obtain medical histories
- Measure patient vital signs
- Collect data relevant to patient health
- Communicate with patients and families
- Explain treatment procedures to patients
- Prepare patients for examination
- Use established workflow processes
- Collect and prepare laboratory specimens
- Give routine health information and instructions to patients
- Prepare and administer vaccines
- Perform nursing procedures and tasks
- Serve as a patient advocate
- Help navigate the health care system
- Support care management through disease registry tracking
