

Policy Title: Billing for Infection Control/PPE	Department: Dental Network Management
Effective Date: June 17, 2020 – September 30, 2020	Approved by: David Gesko, DDS, Sr. Vice President and Dental Director

PRODUCTS AFFECTED:

This policy refers to the following products:

Commercial; Self Insured (some groups may opt out) Senior plans Individual

SCOPE:

This policy applies to:

- all network dental providers

Explanation:

HealthPartners Dental Plan will reimburse network providers in the amount of \$10 per visit through the use of the CDT code “D1999 - unspecified preventive procedure, by report” to document and report the use and cost of additional PPE.

Members cannot be billed or balance billed separately for these charges.

There will be no reimbursement with government programs (Medicaid plans) or when dental services that are provided are covered under a member’s HealthPartners medical plan.
