

## HSA Preventive Drug List

Preventive drugs are used to help avoid disease and maintain health. Some insurance plans have a benefit that allows you to buy preventive drugs at a copay. Check your plan details or ask Member Services if you have this benefit.

**Please note:** If there is a difference between this general information and your plan documents, your plan documents will be used to determine your coverage. Please see your plan documents for your specific coverage information.

### How to use this list

- The following list explains which medications are covered as HSA Preventive medications
- Brand medicines are in ALL CAPS (e.g., DAILRESP ORAL TABLET)
- Generic medicines are in lower italics (e.g., furosemide oral tablet)

### Other important information

- Coverage rules may apply and may not be shown here.
  - Some medications have rules, such as prior authorization, that must be met before the medication is covered.
  - Please see the “More Details” column below for more information.
  - Please check the [Pharmacy Drug List \(Formulary\)](#) for complete coverage rules.
- This list will be reviewed at least annually and is subject to change at any time.

ACA – Affordable Care Act   PA - Prior authorization   ST – Step therapy   QL – Quantity limit   AE – Age Edit
