**HSA Gold**  
**South Dakota Small Employer Plan**  
**Benefits Chart**

**Effective Date:** The later of the effective date, or most recent anniversary date, of the Group Policy and your effective date of coverage under the Group Policy.

HealthPartners Insurance Company agrees to cover the services described below. This Benefits Chart describes the level of payment that applies for each of the covered services. To be covered under this section, the medical or dental services or items described below must be medically or dentally necessary.

Coverage for eligible services is subject to the exclusions, limitations, and other conditions of this Benefits Chart and the Group Certificate (“Certificate”).

Covered services and supplies are based on established medical policies, which are subject to periodic review and modification by the medical or dental directors. Covered prescription drugs are based on requirements established by the HealthPartners Pharmacy and Therapeutics Committee, and are subject to periodic review and modification. These medical policies (medical coverage criteria) and formulary requirements are available by calling Member Services, or logging on to your “myHealthPartners” account at [healthpartners.com](http://healthpartners.com).

The Network Benefits are intended to constitute a high deductible health plan under Internal Revenue Code section 223. Benefits are underwritten by HealthPartners Insurance Company.

The amount that we pay for covered services is listed below. You are responsible for the specified dollar amount and/or percentage of charges that we do not pay.

Coverage may vary depending on whether you select a network provider or a non-network provider.

When you use Non-Network providers, benefits are substantially reduced and you will likely incur significantly higher out-of-pocket expenses. A Non-Network provider does not usually have an agreement with HealthPartners to provide services at a discounted fee. In addition, most Non-Network Benefits are restricted to the usual and customary amount as described under the definition of “Charge”. The usual and customary amount can be significantly lower than a Non-Network provider’s billed charges. If the Non-Network provider’s billed charges are over the usual and customary amount, you pay the difference, in addition to any required deductible, copayment and/or coinsurance, and these charges do not apply to the out-of-pocket limit. The only exceptions to this requirement are described below in the “Emergency and Urgently Needed Care Services” section. This section describes what benefits are covered at the Network Benefit level regardless of who provides the service.

**These definitions apply to this Benefits Chart. They also apply to the Certificate.**

- Biosimilar Drug:** A prescription drug, approved by the Food and Drug Administration (FDA), that the FDA has determined is biosimilar to and interchangeable with a biological brand name drug. Biosimilar drugs are not considered generic drugs and are not covered under the generic drug benefit.
- Brand Name Drug:** A prescription drug, approved by the Food and Drug Administration (FDA), that is manufactured, sold, or licensed for sale under a trademark by the pharmaceutical company that originally researched and developed the drug. Brand name drugs have the same active-ingredient formula as the generic version of the drug. However, generic drugs are manufactured and sold by other drug manufacturers and are generally not available until after the patent on the brand name drug has expired. A few brand name drugs may be covered at the generic drug benefit level if this is indicated on the Formulary.
- Calendar Year:** This is the 12-month period beginning 12:01 A.M. Central Time, on January 1, and ending 12:00 A.M. Central Time of the next following December 31.
- Charge:** For covered services delivered by a network provider this is the provider's discounted charge for a given medical/surgical service, procedure or item.
- For covered services delivered by non-network providers, a contracted rate may apply if such arrangement is available to HealthPartners.
- For the usual and customary charge for covered services delivered by non-network providers, our payment is calculated using one of the following options to be determined at HealthPartners' discretion: 1) a percentage of the Medicare fee schedule; 2) a comparable schedule if the service is not on the Medicare fee schedule; or 3) a commercially reasonable rate for such service.
- The usual and customary charge is the maximum amount allowed that we consider in the calculation of the payment of charges incurred for certain covered services. You must pay for any charges above the usual and customary charge, and they do not apply to the Out-of-Pocket Limit.
- A charge is incurred for covered ambulatory medical and surgical services, on the date the service or item is provided. A charge is incurred for covered inpatient services, on the date of admission to a hospital. To be covered, a charge must be incurred on or after your effective date and on or before the termination date.
- Copayment/Coinsurance:** The specified dollar amount, or percentage, of charges incurred for covered services, which we do not pay, but which you must pay, each time you receive certain medical services, procedures or items. Our payment for those covered services or items begins after the copayment or coinsurance is satisfied. Covered services or items requiring a copayment or coinsurance are specified in this Benefits Chart.
- For services provided by a network provider:
- An amount which is listed as a flat dollar copayment is applied to a network provider's discounted charges for a given service. However, if the network provider's discounted charge for a service or item is less than the flat dollar copayment, you will pay the network provider's discounted charge. An amount which is listed as a percentage of charges or coinsurance is based on the network provider's discounted charges, calculated at the time the claim is processed, which may include an agreed upon fee schedule rate for case rate or withhold arrangements.
- For services provided by a non-network provider:
- Any copayment or coinsurance is applied to the lesser of the provider's charges or the usual and customary charge for a service.
- A copayment or coinsurance is due at the time a service is provided, or when billed by the provider. The copayment or coinsurance applicable for a scheduled visit with a network provider will be collected for each visit, late cancellation and failed appointment.

<b>Deductible:</b>	<p>The specified dollar amount of charges incurred for covered services, which we do not pay, but an enrollee or a family has to pay first in a calendar year. Our payment for those services or items begins after the deductible is satisfied. If you have a family deductible, each individual family member may only contribute up to the individual deductible amount toward the family deductible. An individual's copayments and coinsurance do not apply toward the family deductible. For Network Benefits, your family deductible will follow the family deductible for the highest Benefit Level in which any family member is enrolled during that calendar year. For network providers, the amount of the charges that apply to the deductible are based on the network provider's discounted charges, calculated at the time the claim is processed, which may include an agreed upon fee schedule rate for case rate or withhold arrangements. For non-network providers, the amount of charges that apply to the deductible are the lesser of the provider's charges or the usual and customary charge for a service.</p> <p>Any amounts paid or reimbursed by a third party, including, but not limited to: point of service rebates, manufacturer coupons, manufacturer debit cards or other forms of direct reimbursement to an Insured for a product or service, will not apply toward the deductible, to the extent permitted under state and federal law.</p> <p>Your plan has an embedded deductible. This means once an Insured meets the individual deductible, the plan begins paying benefits for that person. If two or more members of the family meet the family deductible, the plan begins paying benefits for all members of the family, regardless of whether each Insured has met the individual deductible. However, an Insured may not contribute more than the individual deductible toward the family deductible.</p> <p>All services are subject to the deductible unless otherwise indicated below in this Benefits Chart.</p>
<b>Formulary:</b>	<p>This is a current list, which may be revised from time to time, of prescription drugs, medications, equipment and supplies covered by us as indicated in this Benefits Chart which are covered at the highest benefit level. Some drugs on the Formulary may require prior authorization to be covered as formulary drugs. The Formulary, and information on drugs that require prior authorization, are available by calling Member Services, or logging on to your "myHealthPartners" account at <a href="http://healthpartners.com">healthpartners.com</a>.</p>
<b>Generic Drug:</b>	<p>A prescription drug approved by the Food and Drug Administration (FDA) that the FDA has determined is comparable to a brand name drug product in dosage form, strength, route of administration, quality, intended use and documented bioequivalence. Generally, generic drugs cost less than brand name drugs. Some brand name drugs may be covered at the generic drug benefit level if this is indicated on the Formulary.</p>
<b>Lifetime Maximum Benefit:</b>	<p>The specified coverage limit actually paid by us for services and/or charges incurred by you for a given procedure or diagnosis. Payment of benefits under this Benefits Chart ceases when that Lifetime Maximum Benefit is reached. You have to pay for subsequent charges.</p>
<b>Non-Formulary Drug:</b>	<p>This is a prescription drug, approved by the Food and Drug Administration (FDA), that is not on the Formulary, is medically necessary and is not investigative or otherwise excluded under the Certificate.</p>
<b>Out-of-Pocket Expenses:</b>	<p>You pay the specified copayments/coinsurance and deductibles applicable for particular services, subject to the Out-of-Pocket Limit described below. These amounts are in addition to the monthly premium payments.</p>
<b>Out-of-Pocket Limit:</b>	<p>You pay the copayments/coinsurance and deductibles for covered services, to the individual or family Out-of-Pocket Limit. Thereafter we cover 100% of charges incurred for all other covered services, for the rest of the calendar year. You pay amounts greater than the Out-of-Pocket Limit if you exceed any Lifetime Maximum Benefit, or visit or day limits.</p> <p>Non-Network Benefits above the usual and customary charge (see definition of charge above) do not apply to the Out-of-Pocket Limit.</p>

Non-Network Benefits for transplant surgery and bariatric surgery do not apply to the Out-of-Pocket Limit.

Any amounts paid or reimbursed by a third party, including, but not limited to: point of service rebates, manufacturer coupons, manufacturer debit cards or other forms of direct reimbursement to an Insured for a product or service, will not apply as an out of pocket expense, to the extent permitted under state and federal law.

You are responsible to keep track of the out-of-pocket expenses. Contact our Member Services Department for assistance in determining the amount paid by the enrollee for specific eligible services received. Claims for reimbursement under the Out-of-Pocket Limit provisions are subject to the same time limits and provisions described under the “Claims Provisions” section of the Certificate.

**Preventive Drug List:**

This is a current list, which may be revised from time to time, of certain formulary preventive prescription drugs and certain diabetic supplies, covered under the Plan as indicated in this Benefits Chart. The Preventive Drug List is available by logging on to your “myHealthPartners” account at [healthpartners.com](http://healthpartners.com) or by calling Member Services.

**Specialty Drug List:**

This is a current list, which may be revised from time to time, of prescription drugs, medications, equipment and supplies, which are typically bio-pharmaceuticals. The purpose of a Specialty Drug List is to facilitate enhanced monitoring of complex therapies used to treat specific conditions. Specialty drugs are covered by us as indicated in this Benefits Chart. The Specialty Drug List is available by calling Member Services, or logging on to your “myHealthPartners” account at [healthpartners.com](http://healthpartners.com).

## DEDUCTIBLES, OUT-OF-POCKET LIMITS AND LIFETIME MAXIMUMS

### Individual Calendar Year Deductible

<u>Network Benefits</u>	<u>Non-Network Benefits</u>
\$3,000	\$10,000

### Family Calendar Year Deductible

<u>Network Benefits</u>	<u>Non-Network Benefits</u>
\$6,000	\$20,000

Separate deductibles must be satisfied under the Network Benefits and Non-Network Benefits.

Your plan has an embedded deductible. This means once an insured meets the individual deductible, the plan begins paying benefits for that person. If two or more members of the family meet the family deductible, the plan begins paying benefits for all members of the family, regardless of whether each insured has met the individual deductible. However, an insured may not contribute more than the individual deductible toward the family deductible.

Any amounts paid or reimbursed by a third party, including but not limited to: point of service rebates, manufacturer coupons, manufacturer debit cards or other forms of direct reimbursement to an insured for a product or service, will not apply toward the deductible, to the extent permitted under state and federal law.

### Individual Calendar Year Out-of-Pocket Limit

\$3,300	\$30,000

### Family Calendar Year Out-of-Pocket Limit

<u>Network Benefits</u>	<u>Non-Network Benefits</u>
\$6,600	\$60,000

Separate Out-of-Pocket Limits must be satisfied under Network Benefits and Non-Network Benefits.

Non-Network Benefits above the usual and customary charge will not apply toward the individual or family Out-of-Pocket Limit.

Non-Network Benefits for transplant surgery and bariatric surgery do not apply to the Out-of-Pocket Limit.

Any amounts paid or reimbursed by a third party, including, but not limited to: point of service rebates, manufacturer coupons, manufacturer debit cards or other forms of direct reimbursement to an Insured for a product or service, will not apply as an out-of-pocket expense, to the extent permitted under state and federal law.

#### **Not Covered:**

- See “Services Not Covered” in the Certificate.

### **AUTISM SERVICES**

#### **Covered Services:**

We cover Applied Behavioral Analysis (ABA) and Intensive Early Intervention Behavioral Therapy (IEIBT) for treatment of autism spectrum disorders for children under age 18. We have the right to review the treatment that an Insured is receiving not more than once every three months, without a contract stipulating that a more frequent review is necessary.

A person who performs ABA must:

- be licensed by the South Dakota Board of Medical and Osteopathic Examiners or the Board of Examiners of Psychologists and have documented training and competence in applied behavior analysis; or
- be licensed by the South Dakota Board of Social Workers as a licensed behavior analyst.

Physical therapy, occupational therapy and speech therapy are covered under the “Physical Therapy, Occupational Therapy and Speech Therapy” section. Medications are covered under the “Prescription Drug Services” section. Covered services are based on established medical policies, which are subject to periodic review and modification by the medical directors. These medical policies (medical coverage criteria) are available online at healthpartners.com or by calling Member Services.

Coverage for applied behavior analysis will provide an annual maximum benefit for Network and Non-Network Benefits combined, that may not be less than:

- Through age 6: 1,300 hours per calendar year
- Age 7 through age 13: 900 hours per calendar year
- Age 14 through age 18: 450 hours per calendar year

### **DENTAL SERVICES**

#### **Covered Services:**

We cover services described below.

**Accidental dental services:** We cover dentally necessary services to treat and restore damage to teeth as a result of an accidental injury. Coverage is for damage caused by external trauma to face and mouth only, not for cracked or broken teeth which result from biting or chewing. We cover restorations, root canals, crowns and replacement of teeth lost that are directly related to the accident in which the Insured was involved. We cover initial exams, x-rays, and palliative treatment including extractions, and other oral surgical procedures directly related to the accident. Subsequent treatment must be initiated within the specified time-frame and must be directly related to the accident.

Full mouth rehabilitation to correct occlusion (bite) and malocclusion (misaligned teeth not due to the accident) are not covered.

When an implant-supported dental prosthetic treatment is pursued, the accidental dental benefit will be applied to the prosthetic procedure. Benefits are limited to the amount that would be paid toward the placement of a removable dental prosthetic appliance that could be used in the absence of implant treatment. Care must be provided or pre-authorized by a HealthPartners dentist.

### **All other durable medical equipment, prosthetics, orthotics and supplies**

<b><u>Network Benefits</u></b>	<b><u>Non-Network Benefits</u></b>
100% of the charges incurred.	50% of the charges incurred.

### **Limitations:**

Coverage of durable medical equipment is limited by the following.

Payment will not exceed the cost of an alternate piece of equipment or service that is effective and medically necessary.

- For prosthetic benefits, other than oral appliances for cleft lip and cleft palate, payment will not exceed the cost of an alternate piece of equipment or service that is effective, medically necessary and enables Insureds to conduct standard activities of daily living.
- We reserve the right to determine if an item will be approved for rental vs. purchase.
- Durable medical equipment and supplies must be obtained from or repaired by approved vendors.
- Covered services and supplies are based on established medical policies which are subject to periodic review and modification by the medical or dental directors. Our coverage policy for diabetic supplies includes information on our required models and brands. These medical policies (medical coverage criteria) are available by calling Member Services, or logging on to your “myHealthPartners” account at healthpartners.com.

### **Not Covered:**

Items which are not eligible for coverage include, but are not limited to:

- Replacement or repair of any covered items, if the items are (i) damaged or destroyed by misuse, abuse or carelessness, (ii) lost; or (iii) stolen.
- Duplicate or similar items.
- Labor and related charges for repair of any covered items which are more than the cost of replacement by an approved vendor.
- Sales tax, mailing, delivery charges, service call charges.
- Items which are primarily educational in nature or for hygiene, vocation, comfort, convenience or recreation.
- Communication aids or devices: equipment to create, replace or augment communication abilities including, but not limited to, speech processors, receivers, communication boards, or computer or electronic assisted communication.
- Hearing aids (implantable and external, including osseointegrated or bone anchored) and their fitting. This exclusion does not apply to cochlear implants.
- Eyeglasses, contact lenses and their fitting, measurement and adjustment, except as specifically described in this Benefits Chart.
- Hair prostheses (wigs).
- Household equipment which primarily has customary uses other than medical, such as, but not limited to, exercise cycles, air purifiers, central or unit air conditioners, water purifiers, non-allergenic pillows, mattresses or waterbeds.

## **BENEFITS CHART**

---

- Household fixtures including, but not limited to, escalators or elevators, ramps, swimming pools and saunas.
- Modifications to the structure of the home including, but not limited to, its wiring, plumbing or charges for installation of equipment.
- Vehicle, car or van modifications including, but not limited to, hand brakes, hydraulic lifts and car carrier.
- Rental equipment while owned equipment is being repaired by non-contracted vendors, beyond one month rental of medically necessary equipment.
- Other equipment and supplies, including, but not limited to, assistive devices, that we determine are not eligible for coverage.
- See “Services Not Covered” in the Certificate.

### **EMERGENCY AND URGENTLY NEEDED CARE SERVICES**

#### **Covered Services:**

We cover services for emergency care and urgently needed care if the services are otherwise eligible for coverage under this Benefits Chart.

**Urgently needed care.** These are services to treat an unforeseen illness or injury:

- that are required in order to prevent a serious deterioration in your health; and
- that cannot be delayed until the next available clinic or office hours.

#### **Urgently needed care at clinics**

<u>Network Benefits</u>	<u>Non-Network Benefits</u>
100% of the charges incurred.	See Network Benefits.

**Emergency care.** These are services to treat:

- the sudden, unexpected onset of illness or injury which, if left untreated or unattended until the next available clinic or office hours, would result in hospitalization; or
- a condition requiring professional health services immediately necessary to preserve life or stabilize health.

Emergency care includes emergency services as defined in Division BB, Title I, Section 102 of the Consolidated Appropriations Act of 2021.

Emergency care also includes an immediate response service available on a 24-hour, seven-day-a-week basis for each child, or person, having a psychiatric crisis, a mental health crisis, or a mental health emergency.

When reviewing claims for coverage of emergency services, our medical director will take into consideration: (1) a reasonable layperson’s belief that the circumstances required immediate medical care that could not wait until the next working day or next available clinic appointment; (2) the time of day and day of the week the care was provided; and (3) the presenting symptoms including, but not limited to, severe pain, to ensure that the decision to reimburse the emergency care is not made solely on the basis of the actual diagnosis.

We cover gene therapy treatment that meets our current medical coverage criteria.

<b><u>Network Benefits</u></b>	<b><u>Non-Network Benefits</u></b>
Coverage level is same as corresponding Network Benefits, depending on type of service provided, such as Office Visits for Illness or Injury, Inpatient or Outpatient Hospital Services.	No coverage.

#### **Limitations:**

- Gene therapy must be provided by a designated provider.
- Specific types of gene therapy are limited to therapies and conditions specified in our medical coverage criteria.

#### **Not Covered:**

- See “Services Not Covered” in the Certificate.

### **HEALTH EDUCATION**

#### **Covered Services:**

We cover education for preventive services and education for the management of chronic health problems, such as diabetes. Coverage includes medical nutrition therapy that is provided by a certified, registered, or licensed health care professional.

We cover diabetic self-management training and education if:

- the service is provided by a physician, nurse, dietitian, pharmacist, or other licensed health care provider who satisfies the current academic eligibility requirements of the National Certification Board for Diabetic Educators and has completed a course in diabetes education and training or has been certified as a diabetes educator; and
- the training and education is based upon a diabetes program recognized by the American Diabetes Association or a diabetes program with a curriculum approved by the American Diabetes Association or the South Dakota Department of Health.

Coverage of diabetes self-management training is limited to Insureds:

- who are newly diagnosed with diabetes or have received no prior diabetes education;
- who require a change in current therapy;
- who have a co-morbid condition such heart disease or renal failure; or
- whose diabetes condition is unstable.

See “Diabetic Equipment and Supplies” to see what diabetic equipment and supplies we cover.

### **HOME HEALTH SERVICES**

#### **Covered Services:**

We cover the following services:

- skilled nursing treatment in the home intended to provide a safe transition from other levels of care;
- physical therapy, occupational therapy, speech therapy, respiratory therapy and other therapeutic services;

**BENEFITS CHART**

---

- non-routine prenatal and postnatal services;
- routine postnatal well child visits, as described in the Coverage Criteria;
- phototherapy services for newborns. For phototherapy services for newborns and high risk prenatal services, supplies and equipment are included;
- home health aide services and other eligible home health services when provided in your home, if you are homebound (i.e., unable to leave home without considerable effort due to a medical condition. Lack of transportation does not constitute homebound status);
- total parenteral nutrition/intravenous (“TPN/IV”) therapy, equipment, supplies and drugs in connection with IV therapy. IV line care kits are covered under Durable Medical Equipment. You do not need to be homebound to receive total parenteral nutrition/intravenous (“TPN/IV”) therapy;
- palliative care benefits. Palliative care includes symptom management, education and establishing goals of care. We waive the requirement that you be homebound for a limited number of home visits for palliative care (as shown in this Benefits Chart), if you have a life-threatening, non-curable condition which has a prognosis of survival of two years or less. Additional palliative care visits are eligible under the home health services benefit if you are homebound and meet all other requirements defined in this section.

Home health services are eligible and covered only when they are:

- medically necessary; and
- provided as rehabilitative care, terminal care or maternity care; and
- ordered by a physician, and included in the written home care plan.

**Maximum visits for palliative care**

If you are eligible to receive palliative care in the home and you are not homebound, there is a maximum of 12 visits per calendar year.
--

## **BENEFITS CHART**

---

### **Maximum visits for all other services**

<b><u>Network Benefits</u></b>	<b><u>Non-Network Benefits</u></b>
120 visits per calendar year.	60 visits per calendar year

Each visit provided under the Network Benefits and Non-Network Benefits counts toward the maximums shown under both Maximum visits sections. The routine postnatal well child visit does not count toward the visit limit.

### **Limitations:**

- Home health services are not provided as a substitute for a primary caregiver in the home or as relief (respite) for a primary caregiver in the home. We will not reimburse family members or residents in your home for the above services.
- A service shall not be considered a skilled nursing service merely because it is performed by, or under the direct supervision of, a licensed nurse. Where a service (such as tracheotomy suctioning or ventilator monitoring) or like services, can be safely and effectively performed by a non-medical person (or self-administered), without the direct supervision of a licensed nurse, the service shall not be regarded as a skilled nursing service, whether or not a skilled nurse actually provides the service. The unavailability of a competent person to provide a non-skilled service shall not make it a skilled service when a skilled nurse provides it. Only the skilled nursing component of so-called “blended” services (i.e. services which include skilled and non-skilled components) are covered under this Benefits Chart.

### **Not Covered:**

- Financial or legal counseling services.
- Housekeeping or meal services in your home.
- Services provided by a family member or enrollee, or a resident in the enrollee’s home.
- Vocational rehabilitation and recreational or educational therapy. Recreation therapy is therapy provided solely for the purpose of recreation, including, but not limited to: (a) requests for physical therapy or occupational therapy to improve athletic ability, and (b) braces or guards to prevent sports injuries.
- See “Services Not Covered” in the Certificate.

## **HOSPICE SERVICES**

### **Applicable Definitions:**

**Part-time.** This is up to two hours of service per day, more than two hours is considered continuous care.

**Continuous Care.** This is from two to twelve hours of service per day provided by a registered nurse, licensed practical nurse, or home health aide, during a period of crisis in order to maintain a terminally ill patient at home.

**Appropriate Facility.** This is a nursing home, hospice residence, or other inpatient facility.

**Custodial Care Related to Hospice Services.** This means providing assistance in the activities of daily living and the care needed by a terminally ill patient which can be provided by primary caregiver (i.e., family member or friend) who is responsible for the patient’s home care.

### **Covered Services:**

**Hospice Program.** We cover the services described below if you are terminally ill and accepted as a hospice program participant. You must meet the eligibility requirements of the program, and elect to receive services through the hospice program. If you elect to receive hospice services, you do so in lieu of curative treatment for your terminal illness for the period you are enrolled in the hospice program.

**Eligibility:** In order to be eligible to be enrolled in the hospice program, you must: (1) be a terminally ill patient (prognosis of six months or less); (2) have chosen a palliative treatment focus (i.e., emphasizing comfort and supportive services rather than treatment attempting to cure the disease or condition); and (3) continue to meet the terminally ill prognosis as reviewed by our medical director or his or her designee over the course of care. You may withdraw from the hospice program at any time.

**Eligible Services:** Hospice services include the following services provided in accordance with an approved hospice treatment plan.

**BENEFITS CHART**

---

- Inpatient Services: We cover inpatient services in a hospital facility.
- Home Health Services:
  - Part-time care provided in your home by an interdisciplinary hospice team (which may include a physician, nurse, social worker, and spiritual counselor) and medically necessary home health services are covered.
  - One or more periods of continuous care in your home or in a setting which provides day care for pain or symptom management, when medically necessary, will be covered.
- Other Services:
  - Respite care is covered for care in your home or in an appropriate facility, to give your primary caregivers (i.e., family members or friends) rest and/or relief when necessary in order to maintain a terminally ill patient at home.
  - Medically necessary medications for pain and symptom management.
  - Semi-electric hospital beds and other durable medical equipment are covered.
  - Emergency and non-emergency care is covered.

<u>Network Benefits</u>	<u>Non-Network Benefits</u>
100% of the charges incurred.	50% of the charges incurred.

Respite care is limited to five episodes, up to five days per episode. Inpatient hospice services are limited to 15 days per lifetime.

**Not Covered:**

- Financial or legal counseling services.
- Housekeeping or meal services in your home.
- Custodial or maintenance care related to hospice services, whether provided in the home or in a nursing home.
- Any service not specifically described as covered services under this hospice services benefits.
- Any services provided by members of your family or residents in your home.
- See “Services Not Covered” in the Certificate.

**HOSPITAL AND SKILLED NURSING FACILITY SERVICES**

**Covered Services:**

We cover services as described below.

**Medical or surgical hospital services**

**Inpatient hospital services:** We cover the following medical or surgical services, for the treatment of acute illness or injury, which require the level of care only provided in an acute care facility. These services must be authorized by a physician.

Inpatient hospital services include: room and board; the use of operating or maternity delivery rooms; intensive care facilities; newborn nursery facilities; general nursing care, anesthesia, laboratory and diagnostic imaging services, reconstructive surgery, radiation therapy, physical therapy, prescription drugs or other medications administered during treatment, blood and blood products (unless replaced), and blood derivatives, and other diagnostic or treatment related hospital services; physician and other professional medical and surgical services provided while in the hospital, including gender confirmation surgery that meets medical coverage criteria.

Services for items for personal convenience, such as television rental, are not covered.

We cover, following a vaginal delivery, a minimum of 48 hours of inpatient care for the mother and newborn child. We cover, following a caesarean section delivery, a minimum of 96 hours of inpatient care for the mother and newborn child. If the duration of inpatient care is less than these minimums, we also cover a minimum of one home visit by a registered nurse for post-delivery care, within 4 days of discharge of the mother and newborn child. Services provided by the registered nurse include, but are not limited to, parent education, assistance and training in breast and bottle feeding, and conducting any necessary and appropriate clinical tests. We shall not provide any compensation or other non-medical remuneration to encourage a mother and newborn to leave inpatient care before the duration minimums specified.

## **BENEFITS CHART**

---

Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother of newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a caesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

Each insured's admission or confinement, including that of a newborn child, is separate and distinct from the admission or confinement of any other insured.

### **Outpatient hospital, ambulatory care or surgical facility services:**

We cover the following medical and surgical services, for diagnosis or treatment of illness or injury on an outpatient basis. These services must be authorized by a physician.

Outpatient services include: use of operating rooms, maternity delivery rooms or other outpatient departments, rooms or facilities; and the following outpatient services: general nursing care, anesthesia, laboratory and diagnostic imaging services, reconstructive surgery, radiation therapy, physical therapy, drugs administered during treatment, blood and blood products (unless replaced), and blood derivatives, and other diagnostic or treatment related outpatient services; physician and other professional medical and surgical services provided while an outpatient, including gender confirmation surgery that meets medical coverage criteria.

Prior authorization by our medical director is required for new, experimental or reconstructive technologies or procedures. Requests must be submitted prior to performing the technology or procedure.

### Limitations:

- Certain drugs may require prior authorization as indicated on the Formulary. HealthPartners may require prior authorization for the drug and also the site where the drug will be provided. Certain drugs are subject to our utilization review process and quantity limits as indicated on our Formulary.
- Certain non-formulary drugs require prior authorization. In addition, certain drugs may be subject to any quantity limits applied as part of our trial program. The trial drug program applies to new prescriptions for certain drugs which have high toxicity, low tolerance, high costs and/or high potential for waste. Trial drugs are indicated on the formulary and/or the Specialty Drug List. Your first fill of a trial drug may be limited to less than a month supply. If the drug is well tolerated and effective, you will receive the remainder of your first month supply.
- If an insured requests a brand name drug when there is a generic equivalent, the brand name drug will be covered up to the charge that would apply to the generic drug, minus any required copayment. If a physician requests that a brand name drug be dispensed as written, the drug will be paid at the non-formulary benefit.
- We may require Insureds to try over-the-counter (OTC) drug alternatives before approving more costly formulary prescription drugs.
- Unless otherwise specified in the “Prescription Drug Services” section, you may receive up to a 31-day supply per prescription.
- New prescriptions to treat certain chronic conditions are limited to a 31-day supply.
- A 93-day supply will be covered and dispensed only at pharmacies that participate in our extended day supply program.
- No more than a 31-day supply of Specialty Drugs will be covered and dispensed at a time, unless it is a manufacturer supplied drug that cannot be split that supplies the insured with more than a 31-day supply.

## **BENEFITS CHART**

### **Not Covered:**

- Replacement of prescription drugs, medications, equipment and supplies due to loss, damage or theft.
- Nonprescription (over the counter) drugs or medications, including, but not limited to, vitamins, supplements, homeopathic remedies, and non-FDA approved drugs, unless listed on the Formulary and prescribed by a physician or legally authorized health care provider under applicable state and federal law. We cover off-label use of drugs to treat cancer as specified in the "Prescription Drug Services" section of this Benefits Chart. This exclusion does not include over-the-counter contraceptives for women as allowed under the Affordable Care Act when the Insured obtains a prescription for the item. In addition, if the Insured obtains a prescription, this exclusion does not include aspirin to prevent cardiovascular disease for men and women of certain ages; folic acid supplements for women who may become pregnant; fluoride chemoprevention supplements for children without fluoride in their water source; and iron supplements for children ages 6-12 months who are at risk for anemia.
- All drugs for the treatment of sexual dysfunction.
- Fertility drugs.
- Medical cannabis.
- Drugs on the Excluded Drug List. The Excluded Drug List includes select drugs within a therapy class that are not eligible for coverage. This includes drugs that may be excluded for certain indications. The Excluded Drug List is available at HealthPartners.com.
- Drugs that are newly approved by the FDA until they are reviewed and approved by HealthPartners Pharmacy and Therapeutics Committee.
- Medical devices approved by the FDA will not be covered under the "Prescription Drug Services" section unless they are on our Formulary. Covered medical devices are generally submitted and reimbursed under your medical benefits.
- See "Services Not Covered" in the Certificate.

### **PREVENTIVE SERVICES**

#### **Applicable Definitions:**

**Routine Preventive Services** are routine healthcare services that include screenings, checkups and counseling to prevent illness, disease or other health problems before symptoms occur.

**Diagnostic Services** are services to help a provider understand your symptoms, diagnose illness, and decide what treatment may be needed. They may be the same services that are listed as preventive services, but they are being used as diagnostic services. Your provider will determine if these services are preventive or diagnostic. These services are not preventive if received as part of a visit to diagnose, manage, or maintain an acute or chronic medical condition, illness or injury. When that occurs, unless otherwise indicated below, standard deductibles, copayments or coinsurance apply.

#### **Covered Services:**

We cover preventive services which meet any of the requirements under the Affordable Care Act (ACA) shown in the bulleted items below. These preventive services are covered at 100% under the Network Benefits with no deductible, copayments or coinsurance. If a preventive service is not required by the ACA and it is covered at a lower benefit level or if a group qualifies for an exemption or accommodation for certain benefits under the ACA, it will be specified below. Preventive benefits mandated under the ACA are subject to periodic review and modification. Changes would be effective in accordance with the federal rules. Preventive services mandated by the ACA include:

- Evidence-based items or services that have in effect a rating of A or B in the current recommendations of the United States Preventive Services Task Force with respect to the individual;
- Immunizations for routine use in children, adolescents, and adults that have in effect a recommendation from the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention with respect to the individual;
- With respect to infants, children, and adolescents, evidence-informed preventive care and screenings provided for in comprehensive guidelines supported by the Health Resources and Services Administration; and
- With respect to women, preventive care and screenings provided for in comprehensive guidelines supported by the Health Resources and Services Administration.

Covered services are based on established medical policies, which are subject to periodic review and modification by the medical or dental directors. These medical policies (medical coverage criteria) are available by calling Member Services, or logging on to your "myHealthPartners" account at HealthPartners.com.

## **BENEFITS CHART**

## **TELEHEALTH/TELEMEDICINE SERVICES**

### **Definitions:**

**Telehealth, Telemedicine, or Virtual Care.** This is a means of communication between a health care professional and a patient. This includes the use of secure electronic information, imaging, and communication technologies, including:

- interactive audio or audio-video
- interactive audio with store-and-forward technology

**BENEFITS CHART**

---

- chat-based and email-based systems
- physician-to-physician consultation
- patient education
- data transmission
- data interpretation
- digital diagnostics (algorithm-enabled diagnostic support)
- digital therapeutics (the use of personal health devices and sensors, either alone or in combination with conventional drug therapies, for disease prevention and management)

Services can be delivered:

Synchronously: the patient and health care professional are engaging with one another at the same time; or  
 Asynchronously: the patient and health care professional engage with each other at different points in time.

**Telephone Visits.** Live, synchronous, interactive encounters over the telephone between a patient and a healthcare provider.

**E-visit or chat-based visits.** Asynchronous online or mobile app encounters to discuss a patient’s personal health information, vital signs, and other physiologic data or diagnostic images. The healthcare provider reviews and delivers a consultation, diagnosis, prescription or treatment plan after reviewing the patient’s visit information.

**Virtuwell.** This is an online service for you to receive a diagnosis and treatment for certain conditions, such as a cold, flu, ear pain and sinus infections. You may access the Virtuwell website at Virtuwell.com.

**Video Visits.** Live, synchronous, interactive encounters using secure web-based video between a patient and a healthcare provider.

### **TRANSPLANT SERVICES**

#### **Applicable Definitions:**

**Autologous.** This is when the source of cells is from the individual's own marrow or stem cells.

**Allogeneic.** This is when the source of cells is from a related or unrelated donor's marrow or stem cells.

**Autologous Bone Marrow Transplant.** This is when the bone marrow is harvested from the individual and stored. The patient undergoes treatment which includes tumor ablation with high-dose chemotherapy and/or radiation. The bone marrow is reinfused (transplanted).

**Allogeneic Bone Marrow Transplant.** This is when the bone marrow is harvested from the related or unrelated donor and stored. The patient undergoes treatment which includes tumor ablation with high-dose chemotherapy and/or radiation. The bone marrow is reinfused (transplanted).

**Autologous/Allogeneic Stem Cell Support.** This is a treatment process that includes stem cell harvest from either bone marrow or peripheral blood, tumor ablation with high-dose chemotherapy and/or radiation, stem cell reinfusion, and related care. Autologous/allogeneic bone marrow transplantation and high dose chemotherapy with peripheral stem cell rescue/support are considered to be autologous/allogeneic stem cell support.

**Designated Transplant Center.** This is any health care provider, group or association of health care providers designated by us to provide services, supplies or drugs for specified transplants for our Insureds.

**Transplant Services.** This is transplantation (including retransplants) of the human organs or tissue listed below, including all related post-surgical treatment, follow-up care and drugs and multiple transplants for a related cause. Transplant services do not include other organ or tissue transplants or surgical implantation of mechanical devices functioning as a human organ, except surgical implantation of an FDA approved Ventricular Assist Device (VAD) or total artificial heart, functioning as a temporary bridge to heart transplantation.

Prior authorization is required prior to consultation to support coordination of care and benefits.

#### **Covered Services:**

We cover eligible transplant services (as defined above) while you are covered under this Benefits Chart. Transplants that will be considered for coverage are limited to the following:

- Kidney transplants for end-stage disease.
- Cornea transplants for end-stage disease.
- Heart transplants for end-stage disease.
- Lung transplants or heart/lung transplants for: (1) primary pulmonary hypertension; (2) Eisenmenger's syndrome; (3) end-stage pulmonary fibrosis; (4) alpha 1 antitrypsin disease; (5) cystic fibrosis; and (6) emphysema.
- Liver transplants for: (1) biliary atresia in children; (2) primary biliary cirrhosis; (3) post-acute viral infection (including hepatitis A, hepatitis B antigen e negative and hepatitis C) causing acute atrophy or post-necrotic cirrhosis; (4) primary sclerosing cholangitis; (5) alcoholic cirrhosis; and (6) hepatocellular carcinoma.
- Allogeneic bone marrow transplants or peripheral stem cell support associated with high dose chemotherapy for: (1) acute myelogenous leukemia; (2) acute lymphocytic leukemia; (3) chronic myelogenous leukemia; (4) severe combined immunodeficiency disease; (5) Wiskott-Aldrich syndrome; (6) aplastic anemia; (7) sickle cell anemia; (8) non-relapsed or relapsed non-Hodgkin's lymphoma; (9) multiple myeloma; and (10) testicular cancer.
- Autologous bone marrow transplants or peripheral stem cell support associated with high-dose chemotherapy for: (1) acute leukemias; (2) non-Hodgkin's lymphoma; (3) Hodgkin's disease; (4) Burkitt's lymphoma; (5) neuroblastoma; (6) multiple myeloma; (7) chronic myelogenous leukemia; and (8) non-relapsed non-Hodgkin's lymphoma.
- Pancreas transplants for simultaneous pancreas-kidney transplants for diabetes, pancreas after kidney, living related segmental simultaneous pancreas kidney transplantation and pancreas transplant alone.

To receive Network Benefits, charges for transplant services must be incurred at a Designated Transplant Center.

The transplant-related treatment provided, including expenses incurred for directly related donor services, shall be subject to and in accordance with the provisions, limitations, maximum and other terms of this Benefits Chart.

## **BENEFITS CHART**

---

Medical and hospital expenses of the donor are covered only when the recipient is an Insured and the transplant and directly related donor expenses have been prior authorized for coverage. Treatment of medical complications that may occur to the donor are not covered. Donors are not considered Insureds, and are therefore not eligible for the rights afforded to Insureds under the Certificate.

The list of eligible transplant services and coverage determinations are based on established medical policies, which are subject to periodic review and modifications by the medical director.

### **Transplant travel benefit for network benefits**

We may provide travel and lodging when an Insured needs a transplant and a designated transplant center is greater than 100 miles from the Insured's primary address.

This benefit is subject to our medical policies (medical coverage criteria). Coverage criteria are available by calling Member Services, or logging on to your "myHealthPartners" account at [healthpartners.com](http://healthpartners.com).

When submitting receipts for travel and lodging, the Insured will need to attach a letter explaining that the receipts are in conjunction with an authorized organ or bone marrow transplant and include the recipient's name and member ID number or complete a Lodging and Travel Claim form with the receipts.

<b><u>Network Benefits</u></b>	<b><u>Non-Network Benefits</u></b>
Transplant travel benefits are covered under the Network transplant services benefit.  Expenses for travel and lodging for the insured (the transplant recipient) and one adult companion, or up to two companions for a transplant recipient who is a minor dependent, may be covered up to a maximum of \$10,000 per transplant.  Lodging coverage is limited to \$100 per day.	No coverage.

### **Not Covered:**

- We consider the following transplants to be investigative and do not cover them: surgical implantation of mechanical devices functioning as a permanent substitute for human organ, non-human organ implants and/or transplants and other transplants not specifically listed in this Benefits Chart.
- See "Services Not Covered" in the Certificate.
