

The Summary of Benefits and Coverage (SBC) document will help you choose a health [plan](#). The SBC shows you how you and the [plan](#) would share the cost for covered health care services. **NOTE:** Information about the cost of this [plan](#) (called the [premium](#)) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, Contact ETF at <https://etf.wi.gov/contact-us> or 1-877-533-5020. | Important Questions | Answers | Why This Matters: |
|---|---|---|
| What is the overall deductible? | \$250 individual/\$500 family | If you have other family members on the plan , each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible . Deductible exceptions include office visit copays and for federally required preventive services . The deductible starts over with each plan year beginning on January 1 st . |
| Are there services covered before you meet your deductible? | Yes. Preventive care and primary care services are covered before you meet your deductible . | This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ |
| Are there other deductibles for specific services? | No | You don't have to meet deductibles for specific services. |
| What is the out-of-pocket limit for this plan? | Medical: \$1,250 individual/\$2,500 family Prescription drug : Level 1 and 2: \$600 Individual \$1,200 Family | If you have other family members in this plan , the overall family out-of-pocket limit must be met. The out-of-pocket limit is the most you could pay during a coverage period (usually one year) for your share of the cost of covered services. This limit helps you plan for health care expenses. The federal maximum out-of-pocket is \$9,100 individual/\$18,200 family. This applies to all essential health benefits, including services not included in the out-of-pocket limit . (i.e. certain level 3 & 4 prescription drugs and adult hearing aids covered under this plan). |
| What is not included in the out-of-pocket limit? | Copayments for Level 3 and Level 4 non-preferred specialty drugs . Premiums and health care this plan doesn't cover. | Even though you pay these expenses, they don't count toward the out-of-pocket limit . |
| Will you pay less if you use a network provider? | Yes. See healthpartners.com/etfrobin or call 1-855-542-6922 for a list of network providers | This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services. |

| | | |
|--|----|--|
| Do you need a referral to see a specialist ? | No | You can see the specialist you choose without a referral . However, it is recommended you get a referral to an orthopedist or neurosurgeon for low back pain |

 All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.
