Emergency Care

Refer to the Group Dental Member Contract for coverage of emergency dental services.

Diabetes and Pregnancy

Additional periodontal services (exams, cleanings, scaling and root planing, and debridement) for our members who are diabetic and/or pregnant are covered at 100% in-network. Deductibles, annual maximums, and frequency limitations will be waived on these specific services for members referred into the program by a HealthPartners network dentist.

**If your out-of-network dentist charges more than the maximum allowable amount, you may be responsible for the difference. Listing of in-network providers available online using the HealthPartners link at BellinBenefits.org.*

Additional Plan Information:

Coverage is effective the first of the month following date of employment or change in status from an ineligible to eligible classification. Coverage ceases on the last day worked or last day worked in an eligible classification. To make changes to coverage due to a qualifying event during the calendar year, employees should notify Human Resource Management within 30 days of date of the qualifying event.

*Employees/spouses that completed at least one (1) preventive exam and cleaning during the previous 12 months or within the first 90 days after date of eligibility will pay a lower premium for the calendar year. Employees/spouses may submit proof of Preventive Dental Services (exam and cleaning) done within previous 12 months or within first 90 days after date of eligibility and they will be moved to the lower dental premium effective for the next pay period following confirmation of completion (by Human Resources) and for the remainder of 2023. See Preventive Dental Services Form for more information at BellinBenefits.org. Employees/Spouses enrolled on the dental plan for the current year do not need to submit proof of preventive dental cleaning for Annual Open Enrollment**. Annually, Plan Administrator will track preventive services completed by employee/spouse enrolled on the plan and this information will be used to determine premium level for the next plan year. **If spouse has primary dental coverage through an employer and Bellin’s dental coverage as secondary coverage, he/she will need to submit a Preventive Dental Service Form annually by established deadline as routine preventive exam/cleaning will be processed by the primary coverage and cannot be reported annually by HealthPartners.

This constitutes only a summary of the Dental plan involved. The actual contract or plan document must be consulted to determine the governing contractual provisions, limitations, or exclusions. There is no guarantee, expressed or implied by Bellin Health or vendors of plan provisions or level payments.
