

Frequent Fitness and GlobalFit

Get healthy, save money

HealthPartners offers members two ways to get healthy and save money. Try our Frequent Fitness reimbursement program and the GlobalFit membership discount program. With hundreds of clubs to choose from, you will get a great deal, at a great club.

Frequent Fitness

Get \$20 a month off your club membership when you work out 12 times or more each month. Participating clubs include:

- Curves
- Anytime Fitness
- Life Time Fitness
- LA Fitness
- Snap Fitness
- YMCA and YWCA
- And more!

What to do:

- 1 Sign up.** Join a participating health club and sign up for Frequent Fitness at the front desk. Show your HealthPartners Member ID card so your health club can track your workouts to credit your account.
- 2 Work out.** Exercise at least 12 days a month (only one workout per day counts). All workouts must occur in the same month; you can't make up workouts from the previous month.
- 3 Get paid.** Your health club membership account is reimbursed six to eight weeks after your monthly workouts. For example, February workouts are reimbursed in April. Each eligible adult's workout days are tracked on his or her individual membership account.

Who's eligible?

Any HealthPartners member of participating employer groups over the age of 18 can join Frequent Fitness. A maximum of two individuals per household can participate.
