

Drug Formulary Update, October 2020 Commercial Programs

Updates to the HealthPartners Commercial Formularies (PreferredRx and GenericsAdvantageRx) are listed below.

Please see www.healthpartners.com/formularies for details.

Most updates are effective October 1 2020.

Members currently receiving medications with negative changes are given additional time (through November 30), to work with their provider to update their medication or to submit a prior authorization request. All affected members receive additional communications.
