**HealthPartners® Inspire
(SNBC) members:**

It's so important to get your
screening, we'll give you a
\$25 gift card to do it.

Your cervical cancer screening is so important to your health. It can catch problems early, when they're easier to treat. Your screening is also a great time to ask any questions you may have.

TOPICS YOU MAY WANT TO ASK ABOUT

- Any emotional stress you've been going through
- What foods to eat for good health
- Whether or not you should take vitamins, and what kind
- What physical activities and exercises are best for you

The cervical cancer screening isn't the only important preventive care you need. You may even be eligible for other rewards, like another \$25 gift card for getting your annual physical.

Ask your doctor if there are any other screenings you should get. Or, visit **healthpartners.com/preventive** to learn more.
